'I/A' ITEM NOTE

From:	General Secretariat of the Council
To:	Permanent Representatives Committee (Part 1)/Council
No. prev. doc.:	13291/19 ENT 236 MI 730
Subject:	Council Conclusions on Circular Economy in the Construction sector - Adoption

In document 13814/19 INIT, on page eight, point 16, paragraph l) should read:

- l) provisions promoting a documentation (such as logbook at construction work level including products or material passport or pre-demolition audit) to list all construction products and materials used in construction work to enable traceability of substances or materials and to increase the overall knowledge of the content of a construction product and work; this collection of data is essential for the development of digital instruments, such as the Building Information Modelling (BIM)¹⁸, sustainable long-term building management and recycling,

¹⁸ Digital representation of physical, functional and other characteristics of a building or built environment.
