Subject: Interreg Regulation
- Confirmation of the final compromise text with a view to agreement

I. INTRODUCTION

1. On 29 May 2018, the Commission adopted the proposal on specific provisions for the European territorial cooperation goal (Interreg) supported by the European Regional Development Fund and external instruments¹.
2. The Interreg Regulation was presented to the Structural Measures Working Party in June 2018 during the Bulgarian Presidency. Detailed examination of the Interreg Regulation by the working party started under the Austrian Presidency. Under its term, the General Affairs Council dedicated to Cohesion Policy on 30 November 2018 gave specific guidance on the architecture of the Interreg Regulation. The Romanian Presidency pursued the work on the file with a detailed examination of the full Interreg Regulation and, on 29 May 2019, the Permanent Representatives Committee agreed on a partial mandate for negotiations².

¹ Doc. 9536/18 + ADD1.

² Doc. 9594/19.

3. The partial mandate for negotiations was updated on 5 October 2020³ to take account of the European Council Conclusions adopted in the special meeting of the European Council of 17, 18, 19, 20 and 21 July 2020.

II. STATE OF PLAY OF INTER-INSTITUTIONAL NEGOTIATIONS

4. The inter-institutional negotiations with the European Parliament started under Finland's Presidency and continued under the Croatian Presidency. During the German Presidency, five technical meetings and two political trilogues were held during the months of September, October, November and December. The German Presidency regularly debriefed the Member States at the Structural Measures Working Party on the state of the negotiations and consulted delegations with regard to a number of Presidency's drafting proposals aimed at achieving balanced and fair compromises between the co-legislators.
5. On 7 December 2020, the Presidency presented to the working party the final compromise text agreed between the two co-legislators. The final compromise text was broadly welcomed by delegations.

III. WAY FORWARD

6. The Permanent Representatives Committee is invited to confirm the agreement reached at trilogue level in favour of the compromise package concerning the proposal for a Regulation of the European Parliament and of the Council on specific provisions for the European territorial cooperation goal (Interreg) supported by the European Regional Development Fund and external financing instruments, as set out in the Annex to this note.

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

on specific provisions for the European territorial cooperation goal (Interreg) supported by the European Regional Development Fund and external financing instruments

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 178, Article 209(1), Article 212(2), and Article 349 thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Economic and Social Committee⁴,

Having regard to the opinion of the Committee of the Regions⁵,

Acting in accordance with the ordinary legislative procedure,

Whereas:

- (1) Article 176 of the Treaty on the Functioning of the European Union ('TFEU') provides that the European Regional Development Fund ('ERDF') is intended to help to redress the main regional imbalances in the Union. Under that Article and the second and third paragraphs of Article 174 of the TFEU, the ERDF is to contribute to reducing disparities between the levels of development of the various regions and to reducing the backwardness of the least favoured regions, among which particular attention is to be paid to certain categories of regions, among which cross-border regions are explicitly listed.
- (2) Regulation (EU) [new CPR] of the European Parliament and of the Council⁶ sets out provisions common to the ERDF and certain other funds and Regulation (EU) [new ERDF] of the European Parliament and of the Council⁷ sets out provisions concerning the specific objectives and the scope of the ERDF support. It is now necessary to adopt specific provisions in relation to the European territorial cooperation goal (Interreg) where one or more Member States and their regions cooperate across borders with regard to effective programming including provisions on technical assistance, monitoring, evaluation, communication, eligibility, management and control, as well as financial management.

- (3) The promotion of the ERDF's European Territorial Cooperation goal (Interreg) is a major priority of Union cohesion policy. Support for small and medium sized enterprises for costs incurred in ETC projects is already block-exempted under the Commission Regulation (EU) No 651/2014⁸ (General block exemption Regulation (GBER)) and special provisions in relation to regional aid for investments by undertakings of all sizes are also included in the regional aid section of the GBER and in the Commission Guidelines on regional State aid for 2014-2020⁹. In the light of 30 years experience gained, given the low financial value of projects and the unlikely negative impact on trade and competition on the one hand, and the high added value brought by the existing programmes to territorial cohesion in Europe on the other hand the scope of the State aid rules with regards to public funding to ETC projects is expected to be further clarified through the GBER, thereby largely exempting the public financing of Interreg projects from the obligation of prior notification and greatly facilitating the implementation of these projects.
- (4) In order to support the harmonious development of the Union's territory at different levels, the ERDF should support cross-border cooperation, transnational cooperation, outermost regions' cooperation and interregional cooperation under the European territorial cooperation goal (Interreg). In the process, the principles of partnership and multi-level governance should be taken into account, ensuring an effective size of partnership for a programme.
- (5) The resources of the different strands of Interreg should take into account the UN Sustainable Development Goals and the Paris Climate Agreement.
- (6) The cross-border cooperation component should aim to tackle common challenges identified jointly in the border regions, and to exploit the untapped growth potential in border areas as evidenced in the Communication of the Commission 'Boosting Growth and Cohesion in EU Border Regions'¹⁰ ('Border Regions Communication'). Consequently the programme areas for cross-border cooperation should be identified as those regions and areas on the border or separated by (maximum 150 km) sea where cross-border interaction may effectively take place or functional areas can be identified. In order to integrate potential beneficiaries for such effective cooperation, programme areas may ensure the coherence and continuity of cooperation programme areas established for the 2014-2020 programming planning period.

⁸ Commission Regulation (EU) No 651/2014 of 17 June 2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty (OJ L 187, 26.6.2014, p. 1).

⁹ Guidelines on regional State aid for 2014-2020 (OJ C 209, 23.07.2013, p. 1).

¹⁰ Communication from the Commission to the Council and the European Parliament 'Boosting growth and cohesion in EU border regions' - COM(2017) 534 final, 20.9.2017.

- (7) The cross-border cooperation strand should also involve cooperation between one or more Member States or their regions, and one or more countries or regions, or other territories outside the Union. Covering internal and external cross-border cooperation under this Regulation should result in a major simplification and streamlining of applicable provisions for the programme authorities in the Member States and for the partner authorities and beneficiaries outside the Union compared to the programming period 2014-2020.
- (8) The transnational cooperation strand should aim to strengthen cooperation by means of actions conducive to integrated territorial development linked to the Union's priorities, in full respect of subsidiarity. Transnational cooperation should cover larger territories on the mainland of the Union and around sea-basins with maximum flexibility to ensure the coherence and continuity of cooperation programmes, including previous external maritime cross-border cooperation within a larger maritime cooperation framework, in particular by defining the territory covered, the specific objectives for such cooperation, the requirements for a project partnership and the possibility to set up sub-programmes and specific steering committees.
- (9) Based on the experience with cross-border and transnational cooperation during the programming period 2014-2020 in outermost regions, where the combination of both components within a single programme per cooperation area has not brought about sufficient simplification for programme authorities and beneficiaries, a specific outermost regions' component should be established in order to enable outermost regions to cooperate with their neighbouring countries and territories in the most effective and simple way. Under this component, calls for projects could be launched for combined funding under the ERDF, the NDICI and the OAD, through management modes to be agreed upon between participating Member States and regions and third countries.

- (10) Based on the experience with the interregional cooperation programmes under Interreg the interregional cooperation strand should focus on boosting the effectiveness of cohesion policy through four specific programmes: one to enable the exchange of experiences, innovative approaches and capacity building focusing on policy objectives and the Interreg specific objective “a better cooperation governance”, in relation to the identification, dissemination and transfer of good practices into regional development policies including Investment for jobs and growth goal programmes; one dedicated to the exchange of experiences and capacity building in relation to the identification, transfer and capitalisation of urban good practices on integrated and sustainable urban development, taking into account the linkages between urban and rural areas including support to actions developed in the framework of Article 9 of [ERDF-Cohesion Fund regulation], complementing and being coordinated with the initiative outlined in Article 10 of Regulation (EU) [ERDF/CF Regulation]; one for the exchange of experiences, innovative approaches and capacity building with a view to harmonizing and simplifying the implementation of Interreg programmes and to harmonising and simplifying cooperation actions referred in point [d (v) of paragraph 3 of Article 17 of (new CPR)]; and to support the setting-up, functioning and use of European groupings of territorial cooperation ('EGTCs') set up or to be set up pursuant to Regulation (EC) No 1082/2006 of the European Parliament and of the Council¹¹ as well as macro-regional strategies; and one to improve the analysis of development trends. The four programmes under the interregional cooperation strand should cover the whole Union and should also be open for the participation of third countries.
- (11) Common objective criteria for designating eligible regions and areas should be established. To that end, the identification of eligible regions and areas at Union level should be based on the common system of classification of the regions established by Regulation (EC) No 1059/2003 of the European Parliament and of the Council¹².

¹¹ Regulation (EC) No 1082/2006 of the European Parliament and of the Council of 5 July 2006 on a European grouping of territorial cooperation (EGTC) (OJ L 210, 31.7.2006, p. 19).

¹² Regulation (EC) No 1059/2003 of the European Parliament and of the Council of 26 May 2003 on the establishment of a common classification of territorial units for statistics (NUTS) (OJ L 154, 21.6.2003, p. 1).

- (12) It is necessary to continue supporting or, as appropriate, to establish cooperation in all its dimensions with the Union's neighbouring third countries, as such cooperation is an important regional development policy tool and should benefit the regions of the Member States which border third countries. To that effect, the ERDF and the external financing instruments of the Union, IPA¹³, NDICI¹⁴ and OAD¹⁵, should support programmes under cross-border cooperation, transnational cooperation, interregional cooperation and outermost regions' cooperation. The support from the ERDF and from the external financing instruments of the Union should be based on reciprocity and proportionality. However, for IPA III CBC and NDICI CBC, the ERDF support should be complemented by at least equivalent amounts under IPA III CBC and NDICI CBC, subject to a maximum amount set out in the respective legal act.
- (13) IPA III assistance should mainly focus on assisting the IPA beneficiaries to strengthen democratic institutions and the rule of law, reform the judiciary and public administration, respect fundamental rights and promote gender equality, tolerance, social inclusion and non-discrimination as well as regional and local development. IPA assistance should continue to support the efforts of the IPA beneficiaries to advance regional, macro-regional and cross-border cooperation as well as territorial development, including through the implementation of Union macro-regional strategies. In addition, IPA assistance should address security, migration and border management, ensuring access to international protection, sharing relevant information, enhancing border control and pursuing common efforts in the fight against irregular migration and migrant smuggling.
- (14) With regard to NDICI assistance, the Union should develop a special relationship with neighbouring countries, aiming to establish an area of prosperity and good neighbourliness, founded on the values of the Union and characterised by close and peaceful relations based on cooperation. This Regulation and the NDICI should therefore support the internal and external aspects of relevant macro-regional strategies. Those initiatives are strategically important and offer meaningful political frameworks for deepening relations with and among partner countries, based on the principles of mutual accountability, shared ownership and responsibility.
- (15) It is important to continue observing the role of the EEAS and the Commission in the preparation of the strategic programming and of Interreg programmes supported by the ERDF and the NDICI as established in Council decision [2010/427/EU](#)¹⁶.

¹³ Regulation (EU) XXX establishing the Instrument for Pre-accession Assistance (OJ L xx, p. y).

¹⁴ Regulation (EU) XXX establishing the Neighbourhood, Development and International Cooperation Instrument (OJ L xx, p. y).

¹⁵ Council Decision on the Association of the Overseas Countries and Territories with the European Union including relations between the European Union on the one hand and Greenland and the Kingdom of Denmark on the other (OJ L xx, p. y).

¹⁶ Council decision [2010/427/EU](#) of 26 July 2010 establishing the organisation and functioning of the European External Action Service (OJ L 201, 3.8.2010, p. 30).

- (16) In view of the specific situation of outermost regions of the Union, it is necessary to adopt measures concerning the improvement of conditions under which those regions may have access to structural funds. Consequently, certain provisions of this Regulation should be adapted to the specificities of the outermost regions in order to simplify and foster cooperation with their neighbors, while taking into account the Communication from the Commission 'A stronger and renewed strategic partnership with the EU's outermost regions'¹⁷. This cooperation may be carried out in close partnership with regional integration and cooperation organisations.
- (17) This Regulation lays down the possibility of the OCTs to participate in Interreg programmes. The specificities and challenges of the OCTs should be taken into consideration in order to facilitate their effective access and participation.
- (18) It is necessary to set out the resources allocated to each of the different strands of Interreg, including each Member State's share of the global amounts for cross-border cooperation, transnational cooperation, outermost regions' cooperation and interregional cooperation, and the potential available to Member States concerning flexibility between those strands.
- (19) For the most efficient use of the support from the ERDF and the external financing instruments of the Union, a mechanism should be set up to organise the return of such support in cases where external cooperation programmes cannot be adopted or have to be discontinued, including with third countries which do not receive support from any financing instrument of the Union. That mechanism should seek to achieve optimal functioning of the programmes and the maximum possible coordination between those instruments.
- (20) The ERDF should contribute, under Interreg, to the specific objectives under the cohesion policy objectives. However, the list of the specific objectives under the different policy objectives should be adapted to the specific needs of Interreg in order to allow for ESF-type interventions, according to paragraphs (i) to (x) of Article 4(1) of Regulation (EU) [ESF+ Regulation] through joint actions under Interreg programmes.

¹⁷ Communication from the Commission to the European Parliament, the Council, the European Economic and Social Committee, the Committee of the Regions and the European Investment Bank 'A stronger and renewed strategic partnership with the EU's outermost regions', - COM(2017) 623 final, 24.10.2017.

- (21) Within the context of the unique and specific circumstances on the island of Ireland, and with a view to supporting North-South cooperation under the Good Friday Agreement, a new 'PEACE PLUS' cross-border programme is to continue and build on the work of previous programmes between the border counties of Ireland and Northern Ireland. Taking into account its practical importance, it is necessary to ensure that, where the programme is acting in support of peace and reconciliation, the ERDF should also contribute to promoting social, economic and regional stability and cooperation in the regions concerned, in particular through actions to promote cohesion between communities. Given the specificities of the programme it should be managed in an integrated manner with the United Kingdom contribution being integrated into the programme as external assigned revenue. Furthermore, certain rules on the selection of operations in this Regulation should not apply to that programme in relation to operations in support of peace and reconciliation.
- (22) This Regulation should add two Interreg-specific objectives, one to support an Interreg-specific objective strengthening institutional capacity, enhancing legal and administrative cooperation, in particular where linked to implementation of the Border Regions Communication, intensify cooperation between citizens and institutions and the development and coordination of macro-regional and sea-basin strategies, build up mutual trust, in particular by encouraging people-to-people actions, and one to address cooperation issues on safety, security, border crossing management and migration.
- (23) The major part of the Union support should be concentrated on a limited number of policy objectives in order to maximise the impact of Interreg. Synergies and complementarities between the strands of Interreg should be strengthened.
- (24) Provisions on the preparation, approval and amendment of Interreg programmes as well as on territorial development, on the selection of operations, on monitoring and evaluation, on the programme authorities, on audit of operations, and on transparency and communication should be adapted to the specificities of Interreg programmes compared to the provisions set out in Regulation (EU) [new CPR]. These specific provisions should be kept simple and clear in order to avoid gold-plating and additional administrative burden for Member States and beneficiaries.
- (25) The provisions on the criteria for operations to be considered as genuinely joint and cooperative, on the partnership within an Interreg operation and on the obligations of the lead partner as set out during the programme period 2014-2020 should be continued. Interreg partners should cooperate in development and implementation as well as staffing or financing or both, and, under outermost regions' cooperation, in two out of four of these dimensions, as it should be simpler to combine support from the ERDF and external financing instruments from the Union both on the level of programmes and operations.

- (26) Under cross-border cooperation programmes, people-to-people (P2P) and small-scale projects are an important and successful instrument, with high European added value, for eliminating border and cross border obstacles, fostering contacts between people locally and, bringing border regions and their citizens closer together. They have been supported via small-project funds or similar instruments, although they have never been covered by specific provisions, making it necessary to clarify the rules governing those funds. In order to maintain the added value and advantages of P2P and small-scale projects, also with regard to local and regional development, and to simplify the management of the financing of small projects by the final recipients, who are often not used to applying for Union funds, the use of simplified cost options and of lump sums should be made obligatory below a certain threshold.
- (27) Due to the involvement of more than one Member State, and the resulting higher administrative costs, including for regional points of contact (or ‘antennae’), which are important points of contact for those proposing and implementing projects, and therefore function as a direct line to the joint secretariats or the relevant authorities, but in particular in respect of controls and translation, the ceiling for technical assistance expenditure should be higher than that under the Investment for jobs and growth goal. In order to offset the higher administrative costs, Member States should be encouraged to reduce the administrative burden with regard to the implementation of joint projects wherever possible. In addition, Interreg programmes with limited Union support or external cross-border cooperation programmes should receive a certain minimum amount for technical assistance to ensure sufficient funding for effective technical assistance activities including for regional branch offices of joint secretariats and contact points set up to be closer to potential beneficiaries and partners.
- (28) Pursuant to paragraph 22 and 23 of the Inter-institutional agreement for Better Law-Making of 13 April 2016, there is a need to evaluate the Funds on the basis of information collected through specific monitoring requirements, while avoiding overregulation and administrative burdens, in particular on Member States. These requirements, where appropriate, can include measurable indicators, as a basis for evaluating the effects of the Funds on the ground.

- (29) Based on experience during the programming period 2014-2020, the system introducing a clear hierarchy of rules on eligibility of expenditure should be continued while maintaining the principle of rules on eligibility of expenditure to be established at Union level or for Interreg programme as a whole to avoid any possible contradictions or inconsistencies between different Regulations and between Regulations and national rules. Additional rules adopted by one Member State which would only apply to the beneficiaries in that Member State should be limited to the strict minimum. In particular, provisions of the Commission Delegated Regulation (EU) No 481/2014¹⁸ adopted for the programming period 2014-2020 should be integrated into this Regulation.
- (30) Member Member States should be encouraged to assign the functions of the managing authority to an EGTC or to make such a grouping, like other cross-border legal bodies, responsible for managing a sub-programme, an integrated territorial investment or one or more small project funds, or to act as sole partner. In this context, a cross-border legal body, including euroregions, should be established under the laws and have legal personality of one of the participating countries and the participation of regional and local authorities from all participating countries should be granted.
- (31) In order to continue the payment chain established for the programming period 2014-2020, i.e. from the Commission to the lead partner via the certifying authority, that payment chain should be continued under the accounting function. The Union support should be paid to the lead partner, unless this would result in double fees for conversion into euro and back into another currency or vice versa between the lead partner and the other partners. If not otherwise specified, the lead partner should ensure that the other partners receive the total amount of the contribution from the respective Union fund in full and within the timeframe agreed by all partners and following the same procedure applied in respect of the lead partner.
- (32) Pursuant to Article [63(9)] of Regulation (EU, Euratom) [FR-Omnibus] sector-specific rules are to take account of the needs of European Territorial Cooperation (Interreg) programmes as regards, in particular the audit function. The provisions on the annual audit opinion, the annual control report and the audits of operations should therefore be simplified and adapted to those programmes involving more than one Member State.

¹⁸ Commission Delegated Regulation (EU) No 481/2014 of 4 March 2014 supplementing Regulation (EU) No 1299/2013 of the European Parliament and of the Council with regard to specific rules on eligibility of expenditure for cooperation programmes (OJ L 138, 13.5.2014, p. 45).

- (33) A clear chain of financial liability in respect of recovery for irregularities should be established from sole or other partners via the lead partner and the managing authority to the Commission. Provision should be made for liability of Member States, third countries, partner countries or Overseas Countries and Territories (OCTs), where obtaining recovery from the sole or other or lead partner is not successful, meaning that the Member State reimburses the managing authority. Consequently, under Interreg programmes there is no scope for irrecoverable amounts on the level of beneficiaries. It is, however, necessary to clarify the rules, should a Member State, third country, partner country or OCT not reimburse the managing authority. The obligations of the lead partner for recovery should also be clarified.
- (34) In order to apply a mostly common set of rules both in the participating Member States and third countries, partner countries or OCTs, this Regulation should also apply to the participation of third countries, partner countries or OCTs, unless specific rules are set out in a specific Chapter of this Regulation. Interreg programme authorities may be mirrored by comparable authorities in third countries, partner countries or OCTs. The starting point for the eligibility of expenditure should be linked to the signature of the financing agreement by the relevant third country, partner country or OCT. Procurement for beneficiaries in the third country, partner country or OCT should follow the rules for external procurement under Regulation (EU, Euratom) [new FR-Omnibus] of the European Parliament and the Council¹⁹. The procedures for the conclusion of financing agreements with each of the third countries, partner countries or OCTs as well as of the agreements between the managing authority and each third country, partner country or OCT with regard to the support from an external financing instrument of the Union or in the case of transfer of an additional contribution from a third country, partner country or OCT to the Interreg programme other than national co-financing should be set out.
- (35) Although Interreg programmes with the participation of third countries, partner countries or OCTs should be implemented under shared management, outermost regions' cooperation may be implemented under indirect management. Specific rules should be set out on how to implement those programmes as a whole or partially under indirect management.
- (36) Based on the experience during the programming period 2014-2020 with large infrastructure projects within cross-border cooperation programmes under the European Neighbourhood Instrument, the procedures should be simplified. However, the Commission should retain certain rights concerning the selection of such projects.

¹⁹ [Reference]

- (37) Implementing powers should be conferred on the Commission to adopt and amend the lists of Interreg programmes, the list of the global amount from Union support for each Interreg programme and to adopt decisions approving Interreg programmes and amendments thereof. These implementing powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers²⁰. Although these acts are of a general nature, the advisory procedure should be used given that they only implement the provisions in a technical way.
- (38) In order to ensure uniform conditions for the adoption or amendment of Interreg programmes, implementing powers should be conferred on the Commission. However, where applicable, external cross-border cooperation programmes should respect Committee procedures established under Regulations (EU) [IPA III] and [NDICI] with regard to the first approval decision of those programmes.
- (39) In order to supplement or amend certain non-essential elements of this Regulation, the power to adopt acts in accordance with Article 290 of the TFEU should be delegated to the Commission to amend the Annex on the template for Interreg programmes. It is of particular importance that the Commission carry out appropriate consultations during its preparatory work, including at expert level, and that those consultations be conducted in accordance with the principles laid down in the Interinstitutional Agreement of 13 April 2016 on Better Law-Making. In particular, to ensure equal participation in the preparation of delegated acts, the European Parliament and the Council receive all documents at the same time as Member States' experts, and their experts systematically have access to meetings of Commission expert groups dealing with the preparation of delegated acts.
- (40) Since the objective of this Regulation, namely to foster cooperation between Member States and between Member States and third countries, partner countries or OCTs cannot be sufficiently achieved by the Member States but can rather, be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve that objective,

²⁰ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

HAVE ADOPTED THIS REGULATION:

CHAPTER I

General provisions

SECTION I

SUBJECT MATTER, SCOPE AND INTERREG STRANDS

Article 1

Subject matter and scope

1. This Regulation lays down rules for the European territorial cooperation goal (Interreg) with a view to fostering cooperation between Member States and their regions inside the Union and between Member States, their regions and third countries, partner countries, other territories or overseas countries and territories ('OCTs'), or regional integration and cooperation organisations, respectively.
2. This Regulation also lays down the provisions necessary to ensure effective programming including on technical assistance, monitoring, evaluation, communication, eligibility, management and control, as well as financial management of programmes under the European territorial cooperation goal ('Interreg programmes') supported by the European Regional Development Fund ('ERDF').
3. With regard to support from the 'Instrument for Pre-Accession Assistance' ('IPA III'), the 'Neighbourhood, Development and International Cooperation Instrument' ('NDICI') and the funding for all the OCTs for the period 2021 to 2027 established as a Programme by Council Decision (EU) XXX ('OCTP') to Interreg programmes (the three instruments together: 'the external financing instruments of the Union'), this Regulation defines additional specific objectives as well as the integration of those funds into Interreg programmes, the criteria for third countries, partner countries and OCTs and their regions to be eligible and certain specific implementation rules.

4. 1. Interreg operations shall be selected in accordance with the programme's strategy and objectives by a monitoring committee set up in accordance with Article 27.

This guarantee shall be included in the document under paragraph 6.

 - (h) ensure that operations do not include activities which were part of an operation subject to relocation in accordance with Article [60] of Regulation (EU) [new CPR] or which would constitute a transfer of a productive activity in accordance with [point (a) of Article 59(1)] of that Regulation.
 - (i) ensure that selected operations are not directly affected by a reasoned opinion by the Commission in respect of an infringement under Article 258 of the TFEU that puts at risk the legality and regularity of expenditure or the performance of operations;
 - (j) ensure that, for investments in infrastructure with an expected lifespan of at least five years, an assessment of expected impacts of climate change is carried out.

2. The managing authority and the audit authority shall be located in the same Member State.
3. Concerning the PEACE PLUS programme, the Special EU Programmes Body, when identified as the managing authority, shall be considered as located in a Member State.
4. Member States and, where applicable, third countries, partner countries and OCTs participating in an Interreg programme may identify an EGTC as managing authority of that programme.
5. Where the managing authority identifies an intermediate body under an Interreg programme in accordance with Article [65(3)] of Regulation (EU) [new CPR], the intermediate body shall carry out those tasks in more than one participating Member State or, where applicable, third country, partner country or OCT. Without prejudice to the provisions of Article 22, one or more intermediate bodies may carry out those tasks in only one participating Member State or, where applicable, third country, partner country or OCT where such an approach is based on existing structures.

Article 46

Functions of the managing authority

1. The managing authority of an Interreg programme shall carry out the functions laid down in Articles [66], [68] and [69] of Regulation (EU) [new CPR] with the exception of the task of selecting operations referred to in point (a) of Article 66 (1) and Article 67 of that Regulation (EU) [new CPR] and, where the accounting function is carried out by a different body pursuant to Article 47 of this Regulation, of payments to beneficiaries referred to in point (b) of Article 68(1) of Regulation (EU) [new CPR]. Those functions shall be carried out in the whole of the territory covered by that programme, subject to derogations set out under Chapter VIII of this Regulation.

The joint secretariat shall assist the managing authority and the monitoring committee in carrying out their respective functions. The joint secretariat shall also provide information to potential beneficiaries about funding opportunities under Interreg programmes and shall assist beneficiaries and partners in the implementation of operations.

For Interreg programmes also supported by external financing instruments from the Union, one or more branch offices of the joint secretariat may be set up in one or more partner countries or OCTs in order to carry out its tasks closer to potential beneficiaries and partners from the respective partner country or OCT.

3. By way of derogation from point (c) of Article 70(1) of Regulation (EU) [new CPR], expenditure paid in another currency shall be converted into euro by each beneficiary coming from countries which have not adopted the euro as their currency using the monthly accounting exchange rate of the Commission in the month during which that expenditure was submitted for verification.

4. By way of derogation to point (a) of Article 68(1) of Regulation (EU) [new CPR] and without prejudice to Article 45 (6) of this Regulation, the Member States, and where applicable, third country, partner country or OCT, participating in the Interreg programme, may decide that management verifications referred to in point (a) of Article 68(1) of Regulation (EU) [new CPR] will be done through the identification by each Member State of a body or person responsible for this verification on its territory (the ‘controller’).
5. The controllers may be the same bodies responsible for carrying out such verifications for the programmes under the Investment for jobs and growth goal or, in the case of third countries, partner countries or OCTs for carrying out comparable verifications under external financing instruments of the Union. Any controller shall be functionally independent from the audit authority or any member of the group of auditors.
6. The managing authority shall satisfy itself that the expenditure of each beneficiary participating in an operation has been verified by an identified controller.
7. Each Member State, third country, partner country or OCT shall ensure that the expenditure of a beneficiary can be verified within a period of three months of the submission of the documents by the beneficiary concerned.
8. Each Member State, third country, partner country or OCT shall be responsible for verifications carried out on its territory.

 - (a) be a member of a national accounting or auditing body or institution which in turn is member of International Federation of Accountants ('IFAC'); or

- (b) be a member of a national accounting or auditing body or institution without being a member of IFAC, but committing to carry out the management verifications in accordance with IFAC standards and ethics; or
- (c) be registered as a statutory auditor in the public register of a public oversight body in a Member State in accordance with the principles of public oversight set out in Directive 2006/43/EC of the European Parliament and of the Council²⁸; or
- (d) be registered as a statutory auditor in the public register of a public oversight body in a third country, partner country or OCT, provided this register is subject to principles of public oversight as set out in the legislation of the country concerned.

Article 47

The accounting function

1. Member States and, where applicable, third countries, partner countries and OCTs participating in an Interreg programme shall agree on the arrangements for carrying out the accounting function.
2. Article 48

Functions of the audit authority

1. The audit authority of an Interreg programme shall carry out the functions provided for in this Article and in Article 49 in the whole of the territory covered by that Interreg programme.

²⁸ Directive 2006/43/EC of the European Parliament and of the Council of 17 May 2006 on statutory audits of annual accounts and consolidated accounts, amending Council Directives 78/660/EEC and 83/349/EEC and repealing Council Directive 84/253/EEC (*OJ L 157, 9.6.2006, p. 87*).

Where the audit authority does not have the authorisation in the whole territory covered by a cooperation programme, it shall be assisted by a group of auditors composed of a representative from each Member State, and, where applicable, third country, partner country or OCT, participating in the Interreg programme. Each Member State, and, where applicable, third country, partner country or OCT shall be responsible for audits carried out on its territory.

Each representative from each Member State, and, where applicable, third country, partner country or OCT participating in the Interreg programme shall be responsible for providing the factual elements relating to expenditure on its territory that are required by the audit authority in order to perform its assessment.

The group of auditors shall be set up within three months of the decision approving the Interreg programme. It shall draw up its rules of procedure and be chaired by the audit authority for the Interreg programme.

The auditors shall be functionally independent from bodies or persons responsible for management verifications under Article 46(4).

2. The audit authority of an Interreg programme shall be responsible for carrying out system audits and audits on operations in order to provide independent assurance to the Commission that management and control systems function effectively and that expenditure included in the accounts submitted to the Commission is legal and regular.
3. Where an Interreg programme is included in the population from which the Commission selects a common sample under Article 49(1), the audit authority shall carry out audits of operations selected by the Commission in order to provide independent assurance to the Commission that management and control systems function effectively.
4. Audit work shall be carried out in accordance with internationally accepted audit standards.
5. The audit authority shall draw up and submit to the Commission each year by 15 February following the end of the accounting year an annual audit opinion in accordance with Article [63(7)] of Regulation [FR-Omnibus] using the template set out in Annex [XVI] to Regulation (EU) [new CPR] and based on all audit work carried out, covering each of the following components:

- (a) the completeness, veracity and accuracy of the accounts;
- (b) the legality and regularity of the expenditure included in the accounts submitted to the Commission;
- (c) the management and control system of the Interreg programme.

Where the Interreg programme is included in the population from which the Commission selects a common sample pursuant to Article 49(1), the annual audit opinion shall only cover the elements referred to in points (a) and (c) of the first subparagraph.

The deadline of 15 February may exceptionally be extended by the Commission to 1 March, upon communication by the audit authority.

6. The audit authority shall draw up and submit to the Commission each year by 15 February following the end of the accounting year an annual control report in accordance with [point (b) of Article 63(5)] of Regulation [FR-Omnibus] using the template set out in Annex [XVII] of Regulation (EU) [new CPR] and, supporting the audit opinion provided for in paragraph 5 of this Article and setting out a summary of the findings, including an analysis of the nature and extent of any errors and deficiencies in the systems as well as the proposed and implemented corrective actions and the resulting total error rate and residual error rate for the expenditure entered in the accounts submitted to the Commission.
7. Where the Interreg programme is included in the population from which the Commission selects a common sample under Article 49(1), the audit authority shall draw up the annual control report referred to in paragraph 6 of this Article and fulfilling the requirements of [point (b) of Article 63(5)] of Regulation (EU, Euratom) [FR-Omnibus] using the template set out in Annex [XVII] to Regulation (EU) [new CPR] and supporting the audit opinion provided for in paragraph 5 of this Article.

That report shall set out a summary of the findings, including an analysis of the nature and extent of any errors and deficiencies in the systems as well as the proposed and implemented corrective actions, the results of the audits of operations carried out by the audit authority in relation to the common sample referred to in Article 49(1) and the financial corrections applied by the Interreg programme authorities for any individual irregularities detected by the audit authority for these operations.

8. The audit authority shall transmit system audit reports to the Commission as soon as the required contradictory procedure with the relevant auditees is concluded.
9. The Commission and the audit authority shall meet on a regular basis and at least once a year, unless otherwise agreed, to examine the audit strategy, the annual control report and the audit opinion, to coordinate their audit plans and methods and to exchange views on issues relating to the improvement of management and control systems.

Article 49

Audit of operations

1. The Commission shall select a common sample of operations (or other sampling units) using a statistical sampling method for the audits of operations to be carried out by the audit authorities for the Interreg programmes receiving support from the ERDF or an external financing instrument of the Union in respect of each accounting year.

The common sample shall be representative for all the Interreg programmes constituting the population.

For the purposes of selecting the common sample, the Commission may stratify groups of Interreg programmes according to their specific risks.

2. The programme authorities shall provide the information necessary for the selection of a common sample to the Commission by 1 August following the end of each accounting year at the latest.

That information shall be submitted in a standardised electronic format, shall be complete and shall reconcile with the expenditure declared to the Commission for the reference accounting year.

3. Without prejudice to the requirement to carry out an audit referred to in Article 48(2), the audit authorities for Interreg programmes covered by the common sample shall not carry out additional audits of operations under those programmes, unless requested by the Commission in accordance with paragraph 8 of this Article or in cases for which an audit authority has identified specific risks.
4. The Commission shall inform the audit authorities of the Interreg programmes concerned of the common sample selected in time to allow those authorities to carry out the audits of operations, in general, by 1 September following the end of each accounting year, at the latest.
5. The audit authorities concerned shall submit information on the results of these audits as well as on any financial correction taken in relation to individual irregularities detected at the latest in the annual control reports to be submitted to the Commission pursuant to Article 48(6) and (7).
6. Following its assessment of the results of audits of operations selected pursuant to paragraph 1, the Commission shall calculate a global extrapolated error rate with regard to the Interreg programmes included in the population from which the common sample was selected, for the purposes of its own assurance process.
7. Where the global extrapolated error rate referred to in paragraph 6 is above 2% of the total expenditure declared for the Interreg programmes included in the population from which the common sample was selected, the Commission shall calculate a global residual error rate, taking account of financial corrections applied by the respective Interreg programme authorities for individual irregularities detected by the audits of operations selected pursuant to paragraph 1.

8. Where the global residual error rate referred to in paragraph 7 is above 2% of the expenditure declared for the Interreg programmes included in the population from which the common sample was selected, the Commission shall determine whether it is necessary to request the audit authority of a specific Interreg programme or a group of Interreg programmes most affected to carry out additional audit work in order to further evaluate the error rate and assess the required corrective measures for the Interreg programmes affected by the irregularities detected.
9. Based on the assessment of the results of the additional audit work requested pursuant to paragraph 8, the Commission may request additional financial corrections to be applied on the Interreg programmes affected by the irregularities detected. In such cases, the Interreg programme authorities shall carry out the required financial corrections in accordance with Article [97] of Regulation (EU) [new CPR].
10. Each audit authority of an Interreg programme for which the information referred to in paragraph 2 is missing or incomplete or has not been submitted by the deadline laid down in the first subparagraph of paragraph 2 shall carry out a separate sampling exercise for the respective Interreg programme in accordance with Article [73] of Regulation (EU) [new CPR].

CHAPTER VII

Financial management

Article 50

Budgetary commitments

The Commission decisions approving Interreg programmes shall meet the requirements necessary to constitute financing decisions in terms Article [110(2)] of Regulation (EU, Euratom) [FR-Omnibus] with regard to the ERDF and the support by an external financing instrument of the Union under shared management.

Article 51

Payments and pre-financing

1. The ERDF support and, where applicable, the support from external financing instruments of the Union to each Interreg programme shall be paid, in accordance with Article 46(2), into a single account with no national subaccounts.

2. The Commission shall pay a pre-financing based on the total support from each Interreg fund, as set out in the decision approving each Interreg programme under Article 18, subject to available funds, in yearly instalments as follows and before 1 July of the years 2022 to 2026, or, in the year of the approving decision, no later than 60 days after that decision is adopted:
 - (a) 2021: 1%;
 - (b) 2022: 1%;
 - (c) 2023: 3%;
 - (d) 2024: 3%;
 - (e) 2025: 3%;
 - (f) 2026: 3%.

3. Where Interreg programmes are supported by the ERDF and IPA III CBC and where the allocation from the ERDF is 50% or less of the total EU allocation, the Commission shall pay a pre-financing in accordance with Article [5(5)] of Regulation (EU) [IPA III].
4. Where Interreg programmes are supported by the ERDF and either NDICI alone or both NDICI and IPA III and where the allocation from the ERDF is 50% or less of the total EU allocation, the Commission shall pay a pre-financing in accordance with Article [18(5)] Regulation (EU) [NDICI], taking into account the actual financial needs.

Article 90 and 91 of Regulation (EU) [CPR] shall apply *mutatis mutandis* to the pre-financing under the first sub-paragraph.

The amount paid as pre-financing shall be cleared from the Commission accounts each year for 2021 and 2022 and no later than with the final accounting year for 2023 and subsequent years as well as for amounts paid as pre-financing set out under paragraphs 3 and 4.

Article 52

Recoveries

1. The managing authority shall ensure that any amount paid as a result of an irregularity is recovered from the lead or sole partner. Partners shall repay to the lead partner any amounts unduly paid.
2. The Member States, third countries, partner countries or OCTs participating in a given Interreg programme may decide that neither the lead or sole partner nor the programme's managing authority is obliged to recover an amount unduly paid that does not exceed EUR 250, not including interest, in contribution from any of the Interreg funds to an operation in an accounting year.

No information needs to be provided to the Commission beyond the information about a decision being taken under the first subparagraph.

3. Where the lead partner does not succeed in securing repayment from other partners or where the managing authority does not succeed in securing repayment from the lead or sole partner, the Member State, third country, partner country or OCT on whose territory the partner concerned is located or, in the case of an EGTC, is registered shall reimburse the managing authority any amounts unduly paid to that partner. The managing authority shall be responsible for reimbursing the amounts concerned to the general budget of the Union, in accordance with the apportionment of liabilities among the participating Member States, third countries, partner countries or OCTs laid down in the Interreg programme.
4. Once the Member State, third country, partner country or OCT has reimbursed the managing authority any amounts unduly paid to a partner, it may continue or start a recovery procedure against that partner under its national law. In the event of successful recovery, the Member State, third country, partner country or OCT may use those amounts for the national co-financing of the Interreg programme concerned. The Member State, third country, partner country or OCT shall not have any reporting obligations towards the programme authorities, the monitoring committee or the Commission with regard to such national recoveries.
5. Where a Member State, third country, partner country or OCT has not reimbursed the managing authority any amounts unduly paid to a partner pursuant to paragraph 4, those amounts shall be subject to a recovery order issued by the Commission which shall be executed, where possible, by offsetting to the respective Member State, third country, partner country or OCT. Such recovery shall not constitute a financial correction and shall not reduce the support from the ERDF or any external financing instrument of the Union to the respective Interreg programme. The amount recovered shall constitute assigned revenue in accordance with Article [21(3)] of Regulation (EU, Euratom) [FR- Omnibus].

With regard to amounts not reimbursed to the managing authority by a Member State, the offsetting shall concern subsequent payments to the same Interreg programme. The managing authority shall then offset with regard to that Member State in accordance with the apportionment of liabilities among the participating Member States set out in the Interreg programme in the event of financial corrections imposed by the managing authority or the Commission.

With regard to amounts not reimbursed to the managing authority by a third country, partner country or OCT, the offsetting shall concern subsequent payments to programmes under the respective external financing instruments of the Union.

CHAPTER VIII

Participation of third countries or partner countries, OCTs, or regional integration or cooperation organisations in Interreg programmes under shared management

Article 53

Applicable provisions

Chapters I to VII and Chapter X shall apply to the PEACE PLUS programme and to participation of third countries, partner countries and OCTs as well as regional integration and cooperation organisations supported by external financing instruments from the Union in Interreg programmes subject to the specific provisions set out in this Chapter.

Article 54

Interreg programme authorities and their functions

1. Each third country, partner country and OCT participating in an Interreg programme shall identify a national or regional authority as contact point for the managing authority (the ‘contact point’).
2. The contact point, a body equivalent to the Interreg programme communication officer as provided for in Article 36(1) or the branch office or offices, shall support the managing authority and partners in the respective third country, partner country or OCT with regard to the tasks provided for in Article 36(2) to (6).

Article 55

Management methods

1. Interreg A programmes supported both by ERDF and IPA III CBC or NDICI CBC shall be implemented under shared management both in the Member States and in any participating third country or partner country.

The PEACE PLUS programme shall be implemented under shared management both in Ireland and in the United Kingdom.

2. Interreg B and C programmes combining contributions from the ERDF and from one or more external financing instrument of the Union shall be implemented under shared management both in the Member States and in any participating third country, partner country, participating OCT or, with regard to Interreg D, in any OCT, whether or not that OCT receives support under one or more external financing instruments of the Union.
3. Interreg D programmes combining contributions from the ERDF and one or more external financing instruments of the Union shall be implemented in any of the following ways:
 - (a) under shared management both in the Member States and in any participating third country or OCT;
 - (b) under shared management only in the Member States and in any participating third country or OCT with regard to ERDF expenditure outside the Union for one or more operations, whereas the contributions from one or more external financing instruments of the Union are managed under indirect management;
 - (c) under indirect management both in the Member States and in any participating third country or OCT.

Where all or part of an Interreg D programme is implemented under indirect management, Article 62 shall apply.

Article 56

Eligibility

1. By way of derogation from Article [57(2)] of Regulation (EU) [new CPR] expenditure shall be eligible for a contribution from external financing instruments of the Union if it has been incurred and paid in the preparation, and implementation of Interreg operations from 1 January 2021 or from the date of the programme submission, whichever date is earlier but may be claimed from the programme after the date when the financing agreement with the respective third country, partner country or OCT was concluded.

However, expenditure for technical assistance managed by programme authorities located in a Member State may already be claimed from the programme before the date when the financing agreement with the respective third country, partner country or OCT was concluded.

2. Where an Interreg programme selects operations based on calls for proposals, such calls may include applications for a contribution from external financing instruments of the Union, even when the calls were launched and operations were selected before the relevant financing agreement was concluded.

The managing authority may provide the document provided for in Article 22(6) before the relevant financing agreement was concluded.

Article 57

Large infrastructure projects

1. Interreg programmes under this chapter may support 'large infrastructure projects' meaning operations comprising a set of works, activities or services intended to fulfil an indivisible function of a precise nature pursuing clearly identified objectives of common interest for the purposes of implementing investments delivering a cross-border impact and benefits and where a budget share of a total cost of at least EUR 2 500 000 is allocated to the acquisition, construction or modernisation of infrastructure.

2. Each beneficiary implementing a large infrastructure project or a part thereof shall apply the applicable public procurement rules.
3. Where the selection of one or more large infrastructure projects is on the agenda of a monitoring committee or, where applicable, steering committee meeting, the managing authority shall transmit a concept note for each such project to the Commission, for information, at the latest two months before the date of the meeting. The concept note shall be a maximum of three pages and shall indicate the name, the location, the budget, the lead partner and the partners as well as the main objectives and deliverables thereof. If the concept note concerning one or more large infrastructure projects is not transmitted to the Commission by that deadline, the Commission may request that the chair of the monitoring committee or steering committee remove the projects concerned from the agenda of the meeting.

Article 58

Procurement

1. Where the implementation of an operation requires procurement of service, supply or works contracts by a beneficiary, the following rules shall apply:
 - (a) where the beneficiary is located in a Member State and is a contracting authority or a contracting entity within the meaning of the Union law applicable to public procurement procedures, it shall apply national laws, regulations and administrative provisions;
 - (b) where the beneficiary is a public authority of a partner country under IPA III or NDICI whose co-financing is transferred to the Managing Authority, it may apply national laws, regulations and administrative provisions, provided that the financing agreement allows it and that the contract is awarded to the tender offering best value for money, or as appropriate, to the tender offering the lowest price, while avoiding any conflict of interests.

2. For the award of goods, works or services in all cases other than those referred to in paragraph 1, the procurement procedures under Articles [178] and [179] of Regulation (EU, Euratom) [FR-Omnibus] and Chapter 3 of Annex 1 (Points 36 to 41) to that Regulation shall apply.

Article 59

Financial management

The Commission decisions approving Interreg programmes also supported by an external financing instrument of the Union shall meet the requirements necessary to constitute financing decisions in terms of Article [110(2)] of Regulation (EU, Euratom) [FR-Omnibus].

Article 60

Conclusion of Financing Agreements under shared management

1. In order to implement an Interreg programme in a third country, partner country or OCT, in accordance with Article [112(4)] of Regulation (EU, Euratom) [FR-Omnibus], a financing agreement shall be concluded between the Commission representing the Union and each participating third country, partner country or OCT represented in accordance with its national legal framework.
2. Any financing agreement shall be concluded at the latest on 31 December of the year following the year when the first budget commitment was made and shall be considered concluded on the date when the last party has signed it.

Any financing agreement shall enter into force either on the date

- (a) when the last party has signed it; or
 - (b) when the third or partner country or OCT has completed the procedure required for ratification under its national legal framework and informed the Commission.
3. The Commission shall provide the draft financing agreement when approving the external programme.

Where an Interreg programme involves more than one third country, partner country or OCT, at least one financing agreement shall be concluded by both parties before the date specified in paragraph 2. The other third countries, partner countries or OCTs may sign their respective financing agreements at the latest on 30 June of the second year following the year when the first budget commitment was made.

4. The Member State hosting the managing authority of the relevant Interreg programme either
 - (a) may also sign the financing agreement; or
 - (b) shall sign, on the same date, an implementing agreement with each third country, partner country or OCT participating in that Interreg programme setting out the mutual rights and obligations with regard to its implementation and financial management.

When transmitting the signed copy of the financing agreement or a copy of the implementing agreement to the Commission, the Member State hosting the managing authority shall also send, as a separate document, a list of the planned large infrastructure projects as defined in Article 57, indicating the prospective name, location, budget and lead partner thereof.

Where the selection of the first of the envisaged large infrastructure projects is on the agenda of a monitoring committee or, where applicable, steering committee meeting, the Member State hosting the managing authority shall send to the Commission, at the latest two months before the date of the meeting, as a separate document, a list of the planned large infrastructure projects as defined in Article 57, indicating the prospective name, location, budget and lead partner thereof.

5. An implementing agreement signed pursuant to point (b) of paragraph 4 shall at least cover the following elements:
 - (a) detailed arrangements for payments;
 - (b) financial management;
 - (c) record keeping;

- (d) reporting obligations;
 - (e) verifications, controls and audit;
 - (f) irregularities and recoveries.
6. Where the Member State hosting the managing authority of the Interreg programme decides to sign the financing agreement pursuant to point (a) of paragraph 4, that financing agreement shall be considered a tool to implement the Union budget in accordance with the Financial Regulation and not an international agreement as referred to in Articles 216 to 219 of the TFEU.

Article 61

Third country, partner country or OCT contribution other than co-financing

1. Where a third country, partner country or OCT transfers to the Managing Authority a financial contribution to the Interreg programme other than its co-financing of the Union support to the Interreg programme, the rules concerning that financial contribution shall be contained in the following document:
- (a) where the Member State signs the financing agreement pursuant to point (a) of Article 60(4), in one of the following:
 - (i) a distinct part of that financing agreement; or
 - (ii) in a separate implementing agreement signed either between the Member State hosting the managing authority and the third country, partner country or OCT or directly between the managing authority and the competent authority in the third country, partner country or OCT;
 - (b) where the Member State signs an implementing agreement pursuant to point (b) of Article 60(4), in one of the following:

- (i) a distinct part of that implementing agreement; or
- (ii) an additional implementing agreement signed between the same parties referred to point (a).

For the purposes of point (b)(i) of the first subparagraph, sections of the implementing agreement may, where applicable, cover both the transferred financial contribution and the Union support to the Interreg programme.

2. An implementing agreement under paragraph 1 shall at least contain the elements concerning the third country's, partner country's or OCT's co-financing listed in Article 60(5).

In addition, it shall set out both of the following:

- (a) the amount of the additional financial contribution;
 - (b) the intended use and conditions for its use, including conditions for applications for that additional contribution.
3. With regard to the PEACE PLUS programme, the financial contribution to Union activities from the United Kingdom in the form of external assigned revenue as referred to in point (e) of Article 21(2) of Regulation (EU, Euratom) [FR-Omnibus] shall make part of the budget appropriations for Heading 2 'Cohesion and Values', sub-ceiling 'Economic, social and territorial cohesion'.

That contribution shall be subject to a specific financing agreement with the United Kingdom in accordance with Article 60. The Commission and the United Kingdom as well as Ireland shall be parties to this specific financing agreement.

It shall be concluded before the beginning of the implementation of the programme thus allowing the Special EU Programmes Body to apply all the Union legislation for the implementation of the programme.
