Statement by Poland

Equality between women and men is enshrined in the treaties of the European Union as a fundamental right. Poland ensures equality between women and men within the framework of the Polish national legal system in accordance with internationally binding human rights instruments and within the framework of fundamental values and principles of the European Union. For these reasons, in the expressions comprising term "gender" Poland will interpret it as the equality between women and men in accordance with the Article 8 of the TFEU.

Moreover, with regard to the recital 7, Poland is of the opinion that using conditionality mechanism for the protection of the Union budget cannot lead to bypassing the Treaties, in particular the procedure established in Article 7 of the TEU, and it cannot interfere with the European Council's competence to unanimously declare that the Rule of Law has been breached.

Statement by the Commission

Statement in relation to Recital 6

The Commission regrets that the European Parliament and the Council agreed that the climate-spending target is set out in a recital instead of establishing a legally binding target in an Article. The Commission considers that this does not give appropriate legal means for the Commission to effectively ensure that the contribution of REACT-EU resources reach the agreed level for the purposes of the overall climate contribution target set for the Multiannual Financial Framework and Next Generation EU jointly, in accordance with point 15 of the Inter-institutional Agreement.
