Whereas:

- (1) In accordance with Article 25(2) of Decision 2008/615/JHA, the supply of personal data provided for under that Decision may not take place until the general provisions on data protection set out in Chapter 6 of that Decision have been implemented in the national law of the territories of the Member States involved in such supply.

- (3) In accordance with point 1.1 of Chapter 4 of the Annex to Decision 2008/616/JHA, the questionnaire drawn up by the relevant Council Working Group concerns each of the automated data exchanges and is to be answered by a Member State as soon as it believes it fulfils the prerequisites for sharing data in the relevant data category.

Furthermore, the Council requested that the United Kingdom review, by 15 June 2020, its policy of excluding suspect profiles from automated dactyloscopic data exchange, in the light of operational experience with dactyloscopic data exchange and *mutatis mutandis* of the explanations in the evaluation visit report relating to DNA data exchange.

If the operational experience acquired with Prüm dactyloscopic data exchange by 15 June 2020 has not led the United Kingdom to notify the Council that it has reviewed its policy, the Council should re-evaluate the situation with a view to the continuation or termination of automated dactyloscopic data exchange with the United Kingdom.
- (10) Article 33 of Decision 2008/615/JHA confers implementing powers upon the Council with a view to adopting measures necessary to implement that Decision, in particular as regards the receiving and supply of personal data provided for under that Decision.

- (11) As the conditions for triggering the exercise of such implementing powers have been met and the procedure in this regard has been followed, an Implementing Decision on the launch of automated data exchange with regard to dactyloscopic data in the United Kingdom should be adopted in order to allow that Member State to receive and supply personal data pursuant to Article 9 of Decision 2008/615/JHA.
