Declaration by the European Commission on a geopolitical dialogue with the European Parliament on the Neighbourhood, Development and International Cooperation Instrument – Global Europe

The European Commission, mindful of the European Parliament's functions of political control laid down in Article 14 of the Treaty on the European Union, commits to conduct a high-level geopolitical dialogue between the two institutions on the implementation of Regulation (EU) XXX/XXX of the European Parliament and of the Council establishing the Neighbourhood, Development and International Cooperation Instrument (NDICI) – Global Europe. This dialogue should allow exchanges with the European Parliament, whose positions on the implementation of the NDICI will be fully taken into consideration.

The geopolitical dialogue will discuss general orientations on the implementation of the NDICI, including on programming before the adoption of programming documents, and concerning specific subjects such as the use of the emerging challenges and priorities cushion or applying leverage leading to possible changes in allocation of funding dedicated to migration or suspension of assistance to a partner country when it persistently fails to observe the principles of democracy, the rule of law, good governance, respect for human rights and fundamental freedoms.

The geopolitical dialogue will be structured as follows:

- i) A high-level dialogue between the High Representative/Vice President and the Commissioners in charge of International Partnerships and of Neighbourhood and Enlargement and the European Parliament.
- ii) A permanent dialogue at senior officials' level with AFET and DEVE working groups to ensure an adequate preparation and follow-up to the high-level dialogue.

The high-level dialogue will take place at least twice a year. One of the meetings may coincide with the presentation by the Commission of the draft annual budget.

Declaration by the European Commission on Recitals 50 and 51 and Article 8.10

Regional migration support programmes will support comprehensive, balanced and tailor-made partnerships with relevant countries of origin or transit and host countries, following a flexible incitative approach, and supported by the coordination mechanism within the Neighbourhood, Development and International Cooperation Instrument – Global Europe. They will be complemented by actions under the country programmes, where appropriate.

In order to ensure the most efficient and impactful use of these funds, in line with the Union's and partner countries' policy priorities, the European Commission will actively implement these priorities using all relevant Union instruments and participate in the coordination with the Member States in a synchronised and efficient manner. It will ensure that the European Parliament and the Council are closely and regularly informed, allowing for exchanges of views.
