On 28 January 2021, the Council adopted Recommendation (EU) 2021/89 amending Council Recommendation (EU) 2020/912 on the temporary restriction on non-essential travel into the EU and the possible lifting of such restriction⁷. - (4) The Council Recommendation provides that Member States should gradually lift the temporary restriction on non-essential travel to the EU as from 1 July 2020 in a coordinated manner with regard to the residents of the third countries listed in Annex I to the Council Recommendation. As a result of these discussions, the list of third countries set out in Annex I should be amended. In particular, Japan should be added to the list.
- (6) Border control is in the interest not only of the Member State at whose external borders it is carried out but of all Member States which have abolished internal border control. Member States should therefore ensure that measures taken at the external borders are coordinated in order to ensure a well functioning Schengen area. To that end, as of 3 June 2021, Member States should continue lifting the temporary restriction on non-essential travel into the EU in a coordinated manner with regard to the residents of the third countries listed in Annex I of the Council Recommendation as amended by this Recommendation.

- (8) This Recommendation constitutes a development of the provisions of the Schengen acquis in which Ireland does not take part, in accordance with Council Decision 2002/192/EC¹¹; Ireland is therefore not taking part in its adoption and is not bound by it or subject to its application.
