1. (a) For the purpose of calculating the pension under the "lov om social pension" (Social Pension Act), periods of activity as an employed or self-employed person completed under Danish legislation by a frontier worker or a worker who has gone to Denmark to do work of a seasonal nature are regarded as periods of residence

completed in Denmark by the surviving spouse in so far as, during those periods, the surviving spouse was linked to the abovementioned worker by marriage without separation from bed and board or de facto separation on grounds of incompatibility, and provided that, during those periods, the spouse resided in the territory of another State. For the purposes of this point, "work of a seasonal nature" means work which, being dependent on the succession of the seasons, automatically recurs each year.

- (b) For the purpose of calculating the pension under the "lov om social pension" (Social Pension Act), periods of activity as an employed or self-employed person completed under Danish legislation before 1 January 1984 by a person to whom point (a) does not apply shall be regarded as periods of residence completed in Denmark by the surviving spouse, in so far as, during those periods, the surviving spouse was linked to that person by marriage without separation from bed and board or de facto separation on grounds of incompatibility, and provided that, during those periods, the spouse resided in the territory of another State.
  - (c) Periods to be taken into account under points (a) and (b) shall not be taken into consideration if they coincide with the periods taken into account for the calculation of the pension due to the person concerned under the legislation on compulsory insurance of another State, or with the periods during which the person concerned received a pension under such legislation. Those periods shall, however, be taken into consideration if the annual amount of the said pension is less than half the basic amount of the social pension.
2.
  - (a) Notwithstanding the provisions of Article SSC.7 of this Protocol, persons who have not been gainfully employed in one or more States are entitled to a Danish social pension only if they have been, or have previously been, permanent residents of Denmark for at least 3 years, subject to the age limits prescribed by Danish legislation. Subject to Article SSC.5 of this Protocol, Article SSC.8 of this Protocol does not apply to a Danish social pension to which entitlement has been acquired by such persons.

For the purpose of granting cash benefits under §47(1) of SGB V, §47(1) of SGB VII and §200(2) of the Reichsversicherungsordnung to insured persons who live in another State, German insurance schemes calculate net pay, which is used to assess benefits, as if the insured person lived in Germany, unless the insured person requests an assessment on the basis of the net pay which he actually receives.
4. Nationals of other States whose place of residence or usual abode is outside Germany and who fulfil the general conditions of the German pension insurance scheme may pay voluntary contributions only if they had been voluntarily or compulsorily insured in the German pension insurance scheme at some time previously; this also applies to stateless persons and refugees whose place of residence or usual abode is in another State.

8. For the calculation of the theoretical amount referred to in point (b)(i) of Article SSC.47(1) of this Protocol, in pension schemes for liberal professions, the competent institution shall take as a basis, in respect of each of the years of insurance completed under the legislation of any other State, the average annual pension entitlement acquired during the period of membership of the competent institution through the payment of contributions.

2. (a) Under point (c) of Article SSC.51(1), the calculation of the theoretical Spanish benefit shall be carried out on the basis of the actual contributions of the person during the years immediately preceding payment of the last contribution to Spanish social security. Where, in the calculation of the basic amount for the pension, periods of insurance or residence under the legislation of other States have to be taken into account, the contribution basis in Spain which is closest in time to the reference periods shall be used for those periods, taking into account the development of the retail price index.  
(b) The amount of the pension obtained shall be increased by the amount of the increases and revaluations calculated for each subsequent year for pensions of the same nature.
3. Periods completed in other States which must be calculated in the special scheme for civil servants, the armed forces and the judicial administration, will be treated in the same way, for the purposes of Article SSC.51 of this Protocol, as the periods closest in time covered as a civil servant in Spain.

3. (a) For the purpose of calculating notional pension assets for income-based survivors' pension (Chapter 82 of the Social Insurance Code [2010:110]) , if the requirement in Swedish legislation for pension entitlement in respect of at least three out of the five calendar years immediately preceding the insured person's death (reference period) is not met, account shall also be taken of insurance periods completed in other States as if they had been completed in Sweden. The insurance periods in other States shall be regarded as based on the average Swedish pension base. If the person concerned has only 1 year in Sweden with a pension base, each insurance period in another State shall be regarded as constituting the same amount.
- (b) For the purpose of calculating notional pension credits for widows' pensions relating to deaths on or after 1 January 2003, if the requirement in Swedish legislation for pension credits in respect of at least two out of the four years immediately preceding the insured person's death (reference period) is not met and insurance periods were completed in another State during the reference period, those years shall be regarded as being based on the same pension credits as the Swedish year.

1. Where, in accordance with United Kingdom legislation, a person may be entitled to a retirement pension if:
  - (a) the contributions of a former spouse are taken into account as if they were that person's own contributions; or

- (b) the relevant contribution conditions are satisfied by that person's spouse or former spouse, then provided, in each case, that the spouse or former spouse is or had been exercising an activity as an employed or self-employed person, and had been subject to the legislation of two or more States, the provisions of Chapter 5 of Title III of this Protocol shall apply in order to determine entitlement under United Kingdom legislation. In that case, references in Articles SSC.44 to SSC.55 of this Protocol to "periods of insurance" shall be construed as references to periods of insurance completed by:
- (1) a spouse or former spouse where a claim is made by:
    - (a) a married woman, or
    - (b) a person whose marriage has terminated otherwise than by the death of the spouse; or
  - (2) a former spouse, where a claim is made by:
    - (a) a widower who immediately before pensionable age is not entitled to a widowed parent's allowance, or
    - (b) a widow who immediately before pensionable age is not entitled to a widowed mother's allowance, widowed parent's allowance or widow's pension, or who is only entitled to an age-related widow's pension calculated pursuant to point (b) of Article SSC.47(1) of this Protocol, and for this purpose 'age related widow's pension' means a widow's pension payable at a reduced rate in accordance with section 39(4) of the Social Security Contributions and Benefits Act 1992.
2. For the purposes of Article SSC.8 of this Protocol in the case of old-age or survivors' cash benefits, pensions for accidents at work or occupational diseases and death grants, any beneficiary under United Kingdom legislation who is staying in the territory of another State shall, during that stay, be considered as if they resided in the territory of that other State.
- (1) For the purpose of calculating an earnings factor in order to determine entitlement to benefits under United Kingdom legislation, for each week of activity as an employed person under the legislation of a Member State, and which commenced during the relevant income tax year within the meaning of United Kingdom legislation, the person concerned shall be deemed to have paid contributions as an employed earner, or have earnings on which contributions have been paid, on the basis of earnings equivalent to two-thirds of that year's upper earnings limit.
  - (2) For the purposes of point (b) of Article SSC.47(1) of this Protocol, where:
    - (a) in any income tax year starting on or after 6 April 1975, a person carrying out activity as an employed person has completed periods of insurance, employment or residence exclusively in a Member State, and the application of point (1) of this paragraph results in that year being counted as a qualifying year within the meaning of United Kingdom legislation for the purposes of point (b)(i) of Article SSC.47(1) of this Protocol, they shall be deemed to have been insured for 52 weeks in that year in that Member State;
    - (b) any income tax year starting on or after 6 April 1975 does not count as a qualifying year within the meaning of United Kingdom legislation for the

purposes of point (b)(i) of Article SSC.47(1) of this Protocol, any periods of insurance, employment or residence completed in that year shall be disregarded.

- (3) For the purpose of converting an earnings factor into periods of insurance, the earnings factor achieved in the relevant income tax year within the meaning of United Kingdom legislation shall be divided by that year's lower earnings limit. The result shall be expressed as a whole number, any remaining fraction being ignored. The figure so calculated shall be treated as representing the number of weeks of insurance completed under United Kingdom legislation during that year, provided that such figure shall not exceed the number of weeks during which in that year the person was subject to that legislation.

3. Where receipt of Widowed Parent's Allowance or Bereavement Support Payment (higher rate) is contingent on entitlement to UK Child Benefit, a person meeting all other eligibility criteria, and who would be eligible to receive UK Child Benefit if they, or the relevant child, were resident in the UK, will not be prevented from claiming Widowed Parent's Allowance or Bereavement Support Payment (higher rate) in accordance with this Protocol, notwithstanding the fact that UK Child Benefit is excluded from the material scope of this Protocol under Article SSC.3(4)(g).
