Proposal for a

COUNCIL REGULATION

amending Council Regulation (EU) 2019/440 on the allocation of fishing opportunities under the Sustainable Fisheries Partnership Agreement between the European Union and the Kingdom of Morocco and the Implementation Protocol thereto

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

- **Reasons for and objectives of the proposal**

The Sustainable Fisheries Partnership Agreement between the European Union and the Kingdom of Morocco¹ establishes a framework for the legal, environmental, economic and social governance of fishing activities carried out by Union vessels in the fishing zone defined in Article 1(h) of the Agreement. The Protocol on the implementation of the Agreement provides for fishing opportunities for Union vessels in six categories.

Council Regulation (EU) 2019/440², which allocates the fishing opportunities under the Agreement between the EU Member States, currently still includes the United Kingdom of Great Britain and Northern Ireland (UK). In this Regulation, UK has fishing opportunities in category six.

On 31 January 2020, the UK withdrew from the European Union on the basis of Article 50 of the Treaty on European Union. In the Withdrawal Agreement³, a transition period was decided that ended on 31 December 2020. Union law has therefore not been applicable to the UK since 1 January 2021.

The fishing opportunities attributed to the UK should therefore be removed from Regulation (EU) 2019/440 and reallocated as from 1 January 2021. This proposal amends the Regulation so as to redistribute the UK's fishing opportunities among the Member States benefiting from fishing opportunities in the same category in proportion to Member States' allocations. This does not prejudge future allocations under the next Protocol.

The Commission proposes that the Council adopts the attached proposal for a Regulation amending Council Regulation (EU) 2019/440.

- **Consistency with existing policy provisions in the policy area**

This amendment does not affect the consistency of the Regulation with existing fisheries legislation.

- **Consistency with other Union policies**

This amendment does not affect the consistency of the Regulation with other EU legislation.

2. LEGAL BASIS, SUBSIDIARITY AND PROPORTIONALITY

- **Legal basis**

The legal basis is Article 43(3) of the Treaty on the Functioning of the European Union,

¹ Sustainable Fisheries Partnership Agreement between the European Union and the Kingdom of Morocco (OJ L 77, 20.3.2019, p. 8).

² Council Regulation (EU) 2019/440 of 29 November 2018 on the allocation of fishing opportunities under the Sustainable Fisheries Partnership Agreement between the European Union and the Kingdom of Morocco and the Implementation Protocol thereto (OJ L 77, 20.3.2019, p. 1).

³ Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community (OJ L 29, 31.1.2020, p. 7).

which provides that the Council, on a proposal from the Commission, is to adopt measures on the allocation of fishing opportunities.

This amendment concerns existing legislation and complies with the same legal principles as the Regulation in question.

- **Subsidiarity (for non-exclusive competence)**

The policy area is an area of exclusive Union competence.

3. RESULTS OF *EX POST* EVALUATIONS, STAKEHOLDER CONSULTATIONS AND IMPACT ASSESSMENTS

- ***Ex post* evaluations/fitness checks of existing legislation**

The amendment does not change the conditions for fishing laid down in the Agreement and the Implementation Protocol. Therefore, there is no need for an *ex post* evaluation, stakeholder consultation or impact assessment.

4. BUDGETARY IMPLICATIONS

The draft Regulation does not affect the Union budget.

5. OTHER ELEMENTS

The amendment does not change the conditions laid down in the Agreement and the Implementation Protocol.

Proposal for a

COUNCIL REGULATION

amending Council Regulation (EU) 2019/440 on the allocation of fishing opportunities under the Sustainable Fisheries Partnership Agreement between the European Union and the Kingdom of Morocco and the Implementation Protocol thereto

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(3) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) On 4 March 2019, the Council adopted Decision (EU) 2019/441 on the conclusion of the Sustainable Fisheries Partnership Agreement between the European Union and the Kingdom of Morocco (‘the Fisheries Agreement’) and the Implementation Protocol thereto (‘the Protocol’)¹,
- (2) On 29 November 2018, the Council adopted Regulation (EU) No 2019/440 on the allocation of fishing opportunities under the Fisheries Agreement (hereinafter ‘the Council Regulation (EU) 2019/440’)²,
- (3) Article 1 of the Council Regulation (EU) 2019/440 allocates fishing opportunities to Member States i.a. in category 6 — Industrial fishing for pelagic species, including the United Kingdom of Great Britain and Northern Ireland.
- (4) Pursuant to the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community, the United Kingdom is not a Member State of the Union anymore since 1 February 2020 and the transition period provided for in that Agreement has ended on 31 December 2020. Therefore, the fishing opportunities allocated to the United Kingdom should be reallocated to the Member States as from 1 January 2021.
- (5) This reallocation should be transparent and proportional to the original quota allocation.

¹ Council Decision (EU) 2019/441 of 4 March 2019 on the conclusion of the Sustainable Fisheries Partnership Agreement between the European Union and the Kingdom of Morocco, the Implementation Protocol thereto and the Exchange of Letters accompanying the Agreement. OJ L 77, 20.3.2019, p. 4–7.

² Council Regulation (EU) 2019/440 of 29 November 2018 on the allocation of fishing opportunities under the Sustainable Fisheries Partnership Agreement between the European Union and the Kingdom of Morocco and the Implementation Protocol thereto. OJ L 77, 20.3.2019, p. 1–3.

- (6) Council Regulation (EU) 2019/440 should therefore be amended accordingly.
- (7) Due to its impact on the fisheries activities in 2021, this Regulation should apply from 1 January 2021.
- (8) Taking into account the urgency linked to the retroactive application of this Regulation, it should enter into force the first day following that of its publication in the *Official Journal of the European Union*.

HAS ADOPTED THIS REGULATION:
