## EXPLANATORY MEMORANDUM

1. In the context of a people's Europe, the Commission attaches great importance to simplifying and clarifying the law of the Union so as to make it clearer and more accessible to citizens, thus giving them new opportunities and the chance to make use of the specific rights it gives them.

This aim cannot be achieved so long as numerous provisions that have been amended several times, often quite substantially, remain scattered, so that they must be sought partly in the original instrument and partly in later amending ones. Considerable research work, comparing many different instruments, is thus needed to identify the current rules.

For this reason a codification of rules that have frequently been amended is also essential if the law is to be clear and transparent.

2. On 1 April 1987 the Commission decided<sup>1</sup> to instruct its staff that all legislative acts should be codified after no more than ten amendments, stressing that this is a minimum requirement and that departments should endeavour to codify at even shorter intervals the texts for which they are responsible, to ensure that their provisions are clear and readily understandable.

3. The Conclusions of the Presidency of the Edinburgh European Council (December 1992) confirmed this<sup>2</sup>, stressing the importance of codification as it offers certainty as to the law applicable to a given matter at a given time.

Codification must be undertaken in full compliance with the normal procedure for the adoption of acts of the Union.

Given that no changes of substance may be made to the instruments affected by codification, the European Parliament, the Council and the Commission have agreed, by an interinstitutional agreement dated 20 December 1994, that an accelerated procedure may be used for the fast-track adoption of codification instruments.

4. The purpose of this proposal is to undertake a codification of Council Directive 95/50/EC of 6 October 1995 on uniform procedures for checks on the transport of dangerous goods by road<sup>3</sup>. The new Directive will supersede the various acts incorporated in it<sup>4</sup>; this proposal fully preserves the content of the acts being codified and hence does no more than bring them together with only such formal amendments as are required by the codification exercise itself.

<sup>1</sup> COM(87) 868 PV.

<sup>2</sup> See Annex 3 to Part A of the Conclusions.

<sup>3</sup> Entered in the legislative programme for 2021.

<sup>4</sup> See Annex IV, Part A to this proposal.

5. The codification proposal was drawn up on the basis of a preliminary consolidation, in 24 official languages, of Directive 95/50/EC and the instruments amending it, carried out by the Publications Office of the European Union, by means of a data-processing system. Where the Articles have been given new numbers, the correlation between the old and the new numbers is shown in a table set out in Annex V to the codified Directive.

 95/50/EC (adapted)

HAVE ADOPTED THIS DIRECTIVE:

#### *Article 1*

1. This Directive shall apply to checks carried out by Member States on the transport of dangerous goods by road in vehicles travelling in their territory or entering it from a third country.

It shall not apply to the transport of dangerous goods by vehicles belonging to or under the responsibility of the armed forces.

2. This Directive shall not affect the Member States' right, with due regard to ☒ Union ☒ law, to carry out checks on the national and international transport of dangerous goods within their territories performed by vehicles not covered by this Directive.

#### *Article 2*

For the purposes of this Directive ☒ , the following definitions apply ☒.

- (a) 'vehicle' ☒ means ☒ any motor vehicle intended for use on the road, whether complete or incomplete, which has at least four wheels and a maximum design speed exceeding 25 km/h, together with its trailers, with the exception of vehicles which run on rails, of agricultural and forestry tractors and of all mobile machinery;
- (b) 'dangerous goods' ☒ means ☒ dangerous goods as defined in ☒ Article 1(b) of the Agreement Concerning the International Carriage of Dangerous Goods by Road (ADR), concluded at Geneva on 30 September 1957, and in Annexes A and B to that Agreement, as referred to in Section I.1 of Annex I to Directive 2008/68/EC ☒.
- (c) 'transport' ☒ means ☒ any road transport operation performed by a vehicle wholly or partly on public roads within the territory of a Member State, including the loading and unloading of goods covered by Directive ☒ 2008/68/EC ☒, without

prejudice to the arrangements laid down by the laws of the Member States concerning liability in respect of such operations;

- (d) 'undertaking' ☒ means ☒ any natural or legal person, whether or not profit-seeking, any association or group of persons without legal personality, whether or not profit-seeking, and any body coming under a public authority, whether itself possessing legal personality or dependent on an authority having such personality, which carry, load or unload dangerous goods or cause them to be carried and those which temporarily store, collect, package or take delivery of such goods as part of a transport operation and are located in the territory of the ☒ Union ☒.
- (e) 'check' ☒ means ☒ any check, control, inspection, verification or formality carried out by the competent authorities for reasons of safety inherent in the transport of dangerous goods.

### *Article 3*

Member States shall ensure that a representative proportion of consignments of dangerous goods transported by road is subject to the checks laid down by this Directive, in order to check their compliance with the laws on the transport of dangerous goods by road.

Such checks shall be carried out in the territory of a Member State in accordance with Article 3 of Regulation (EC) No 1100/2008 and Article 1 of Regulation (EEC) No 3912/92.

### *Article 4*

1. In order to carry out the checks provided for in this Directive, the Member States shall use the checklist ☒ set out ☒ in Annex I. A copy of ☒ that ☒ checklist or a certificate showing the result of the check drawn up by the authority which carried it out shall be given to the driver of the vehicle and presented on request in order to simplify or avoid, where possible, subsequent checks.

The first subparagraph shall not prejudice Member States' right to carry out specific measures for detailed checks.

2. The checks shall be random and shall as far as possible cover an extensive portion of the road network.

3. The places chosen for the checks must permit infringing vehicles to be brought into compliance or, if the authority carrying out the check deems it appropriate, to be immobilised on-the-spot or at a place designated for that purpose by the said authority without causing a safety hazard.

4. Where appropriate, and provided that this does not constitute a safety hazard, samples of the goods transported may be taken for examination by laboratories recognised by the competent authority.

5. Checks shall not exceed a reasonable length of time.

## Article 5

Without prejudice to other penalties which may be imposed, vehicles in respect of which one or more infringements of the rules on the transport of dangerous goods, in particular infringements listed in Annex II, are established may be immobilised either on-the-spot or at a place designated for ☒ that ☒ purpose by the authorities carrying out the check and required to be brought into conformity before continuing their journey or may be subject to other appropriate measures, depending on the circumstances or the requirements of safety including, where appropriate, refusal to allow such vehicles to enter the ☒ Union ☒.

## Article 6

1. Checks may also be carried out at the premises of undertakings, as a preventive measure or where infringements which jeopardise safety in the transport of dangerous goods have been recorded at the roadside.

The purpose of such checks shall be to ensure that safety conditions for the transport of dangerous goods by road comply with the relevant laws.

2. Where one or more infringements, in particular those listed in Annex II, have been established in respect of the transport of dangerous goods by road, the transport in question shall be brought into conformity before the goods leave the undertaking or shall be subject to other appropriate measures.

## Article 7

1. Member States shall assist one another in order to give proper effect to this Directive.

2. Serious or repeated infringements jeopardising the safety of the transport of dangerous goods committed by a non-resident vehicle or undertaking must be reported to the competent authorities ☒ of ☒ the Member State in which the vehicle is registered or in which the undertaking is established.

The competent authorities of the Member State in which serious or repeated infringements have been recorded may ask the competent authorities of the Member State in which the vehicle is registered or in which the undertaking is established for appropriate measures to be taken with regard to the offender or offenders.

The latter competent authorities shall notify the competent authorities of the Member State in which the infringements were recorded of any measures taken with regard to the transporter or the undertaking.

## Article 8

If the findings of a roadside check on a vehicle registered in another Member State give grounds for believing that serious or repeated infringements have been committed which cannot be detected in the course of that check in the absence of the necessary data, the competent authorities of the Member States concerned shall assist one another in order to clarify the situation.

Where, to that end, the competent Member State carries out a check in the undertaking, the other Member States concerned shall be notified of the results.

#### *Article 9*

1. Each Member State shall send the Commission for each calendar year not later than twelve months after the end of that year a report, drawn up in accordance with the model ☒ standard form set out ☒ in Annex III, on the application of ☒ Directive 95/50/EC and ☒ this Directive, including the following particulars:

- (a) if possible, ☒ the ☒ determined or estimated volume of dangerous goods transported by road in tonnes transported or in tonnes/kilometres;
- (b) ☒ the ☒ number of checks carried out;
- (c) ☒ the ☒ number of vehicles checked by place of registration (vehicles registered nationally, in other Member States or in third countries);
- (d) ☒ the ☒ number of infringements recorded ☒ according to risk category ☒;
- (e) ☒ the ☒ type and number of penalties imposed.

2. The Commission shall send the European Parliament and the Council, for the first time in 1999 and subsequently at least every three years, a report on the application of ☒ Directive 95/50/EC and ☒ this Directive by the Member States, stating the particulars in accordance with paragraph 1.

---

↓ 2019/1243 Art. 1 and Annex, pt. IX(1)(1) (adapted)
---

#### *Article 10*

The Commission is empowered to adopt delegated acts in accordance with Article 11 ☒ concerning the amendment of ☒ Annexes I, II and III, in order to adapt them to scientific and technical progress in the fields covered by this Directive, in particular to take account of amendments to Directive 2008/68/EC .

---

↓ 2019/1243 Art. 1 and Annex, pt. IX(1)(2) (adapted)
---

#### *Article 11*

1. The power to adopt delegated acts is conferred on the Commission subject to the conditions laid down in this Article.

2. The power to adopt delegated acts referred to in Article 10 shall be conferred on the Commission for a period of five years from 26 July 2019. The Commission shall draw up a

report in respect of the delegation of power not later than nine months before the end of the five-year period. The delegation of power shall be tacitly extended for periods of an identical duration, unless the European Parliament or the Council opposes such extension not later than three months before the end of each period.

3. The delegation of power referred to in Article 10 may be revoked at any time by the European Parliament or by the Council. A decision to revoke shall put an end to the delegation of the power specified in that decision. It shall take effect the day following the publication of the decision in the *Official Journal of the European Union* or at a later date specified therein. It shall not affect the validity of any delegated acts already in force.

4. Before adopting a delegated act, the Commission shall consult experts designated by each Member State in accordance with the principles laid down in the Interinstitutional Agreement of 13 April 2016 on Better Law-Making.

5. As soon as it adopts a delegated act, the Commission shall notify it simultaneously to the European Parliament and to the Council.

6. A delegated act adopted pursuant to Article 10 shall enter into force only if no objection has been expressed either by the European Parliament or the Council within a period of two months of notification of that act to the European Parliament and the Council or if, before the expiry of that period, the European Parliament and the Council have both informed the Commission that they will not object. That period shall be extended by two months at the initiative of the European Parliament or of the Council.
