Statement by Cyprus

"Cyprus does not oppose the extension of the EU-Azerbaijan Partnership priorities for the period 2021-2024.

We nonetheless remain deeply concerned regarding Azerbaijan's continuous refusal to establish diplomatic relations with Cyprus or hold any official bilateral meetings. Furthermore, it is deeply regrettable that in July 2021 an Azerbaijani parliamentary committee visited the occupied areas of Cyprus to participate in festivities on the anniversary of the Turkish invasion.

We furthermore note that the partnership priorities are based, inter alia, on the EU-Azerbaijan Partnership and Cooperation Agreement, and that the process for a renewed Agreement is ongoing.

Azerbaijan should establish diplomatic relations with Cyprus, abide by the principle of good neighborly relations, and commit itself to act in good faith and with full respect to the sovereignty and territorial integrity of all EU member states."

Statement by Italy

"Italy understands the need to preserve public health and agrees on the need to take proper action for the prevention of smoke-related damages. Nevertheless, Italy wishes to underline that at this stage we do not have an agreed scientific evidence and thus no final evaluations and assessment shall be adopted nor endorsed on cigarette ventilation and new tobacco products. Therefore, it would be premature to support any decisions on this point.

Furthermore, Italy reminds and stresses that WHO is not the appropriate forum to review customs classification, including customs classification of new tobacco products. Therefore, customs classification should not be the object of the FCTC COP'S discussions and no decisions on customs classifications shall be anticipated or preempted within this framework.

On the whole, Italy reminds that any decisions on new tobacco products shall be deferred to COP10 to be held in 2023."
