Subject: European Semester 2022  
- Roadmap

---

Delegations will find below the above-mentioned roadmap, as presented by the Presidency and the incoming Presidency.

Following established practice, the Presidency and the incoming Presidency have prepared this roadmap outlining the key steps of the 2022 European Semester.

The objectives of the roadmap are to ensure that all relevant Council configurations and their preparatory bodies work in a coordinated and consistent manner towards a thorough preparation of the European Council debates on the European Semester and to enable the General Affairs Council and Coreper to oversee the process.

The roadmap is divided into two phases: the first, in more detail, covers the period up to the March European Council, and the second, more indicative, covers the period between the European Council meetings in March and June 2022.

The incoming Presidency is initiating discussions with the Chairs of the committees with a view to coordinating the management of their work throughout the semester. The incoming Presidency will keep Coreper informed.

The Presidency and the incoming Presidency acknowledge the parliamentary dimension, both at national and European level, of the European Semester and take note of the intention to hold a joint debate on the European Semester with the European Parliament in March 2022.
