Subject:	AOB for the meeting of Education, Youth, Culture and Sport Council of 12 and 13 May 2025: Promoting EU awareness through education - <i>Information from the Presidency</i>

---

**Promoting EU awareness through education**

The Polish Presidency considers it essential to raise awareness about the functioning of the European Union, particularly the Council of the EU, across all age groups. To achieve this, a range of initiatives have been undertaken, supported by materials developed by the General Secretariat of the Council. These materials, available in all EU languages, cover primary, secondary, and tertiary education, as well as 60+ education, and include interactive formats with ready-to-use manuals.

Recent activities have included webinars for large groups of teachers, study trips to Brussels, competitions, simulations, and extensive dissemination of materials through existing networks.

These initiatives are accessible to all Member States and could serve as a model for future Presidencies.

Copies of the materials will be available in the room at the EYCS Council session on 12 May 2025.
