NOTE

From: General Secretariat of the Council
To: Council

Subject: Proposal for a Regulation of the European Parliament and of the Council on jurisdiction, applicable law, recognition and enforcement of measures and cooperation in matters relating to the protection of adults

- Partial general approach
- Statement by Estonia

In document ST 9260/25 ADD 3, on page 2, the second paragraph should read:

“However Estonia does not agree with the obligation for Member States to create protection registers and link them to a central European system as required by the regulation under Article 1(h). In our case this is not proportionate to the associated costs. As such Estonia supports the partial general approach in Chapters I-V [1-5], with the exception of said **obligatory** protection registers that will be further discussed under Chapter VIII [8] of the **Regulation.**”
