63.1% (2022)

[No trend available]

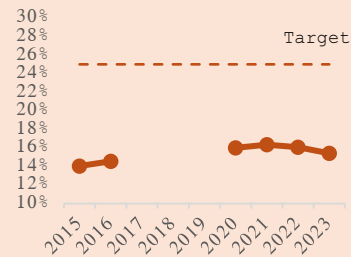

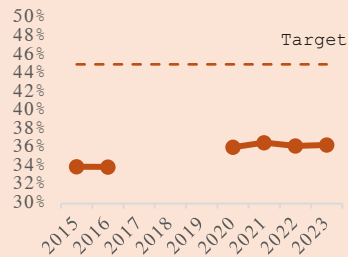

¹ This is a new target based on an indicator discussed with the standing group on indicators and benchmarks (SGIB) during its meeting of 18-19 June 2024. It concerns the share of eighth graders (age 13-14) reaching at least competence level B in the International Civic and Citizenship Education Study (ICCS) conducted by the International Association for the Evaluation of Educational Achievement (IEA).

2. STEM

By 2030, the share of students enrolled in STEM fields in initial medium-level VET should be at least 45%, with at least 1 out of every 4 students female. *[UOE administrative data collection]*

Total: 36.3% (2023)

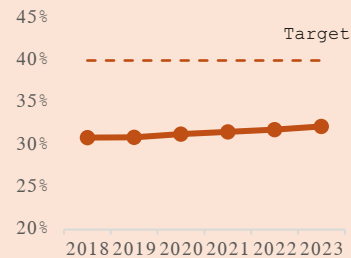

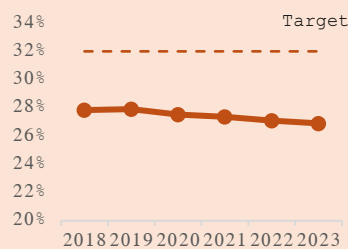

Women (out of total): 15.4% (2023)

By 2030, the share of students enrolled in STEM fields at tertiary level should be at least 32%, with at least 2 out of every 5 students female. *[UOE administrative data collection]*

Total: 26.9% (2023)

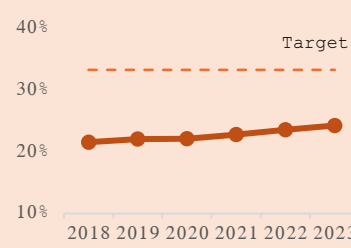

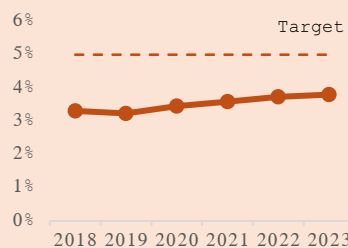

Women (out of total): 32.2% (2023)

By 2030, the share of students enrolled in ICT PhD programmes should be at least 5%, with at least one out of every three students female. *[UOE administrative data collection]*

Total: 3.8% (2023)

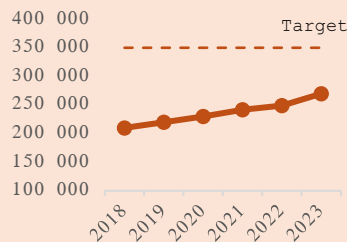

Women (out of total): 24.3% (2023)

3. International attractiveness

By 2030, the number of inward degree mobile tertiary graduates from outside the EU should be at least 350 000. [UOE administrative data collection]

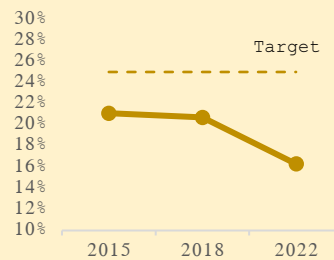

269 740 (2023)

4. Equity

By 2030, the share of learners from disadvantaged socio-economic backgrounds with a good achievement in at least one domain² (reading, mathematics or science) should be at least 25%. [OECD PISA]

16.3% (2022)

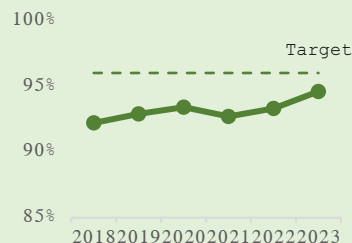

SECTORAL TARGETS

1. Pre-school

By 2030, at least 96% of children between 3 years old and the starting age for compulsory primary education should participate in early childhood education and care. [UOE administrative data collection]

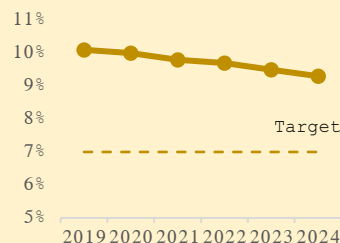

94.6% (2023)

2. School

By 2030, the share of early leavers from education and training should be less than 7%³. [EU Labour Force Survey]

9.3% (2024)

3. Vocational education and training

A decision on VET targets will be taken as part of the European strategy for vocational education and training.

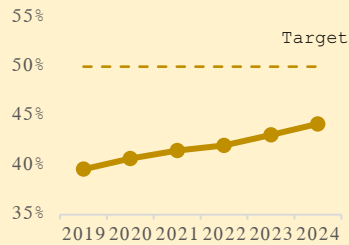

² This is a new target based on an indicator discussed with the SGIB during its meeting of 11-12 December 2024. It concerns the share of 15-year-olds in the bottom quarter of an index for economic, social and cultural status reaching at least competence level 4 in the Programme for International Student Assessment (PISA) conducted by the OECD.

³ Target level was 9% in the EEA 2021-2025 cycle.

4. Tertiary

By 2030, the share of 25-34-year-olds with tertiary educational attainment should be at least 50%⁴. *[EU Labour Force Survey]*

44.2% (2024)

5. Adult learning

By 2030, at least 60% of adults should have participated in learning during the last 12 months. *[Adult Education Survey]*

39.5% (2022)

⁴ Target level was 45% in the EEA 2021-2025 cycle.
