<sup>1</sup> 11944/25 + ADD 1

<sup>2</sup> Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission (OJ L 184, 17.7.1999, p. 23), as amended by Decision 2006/512/EC (OJ L 200, 22.7.2006, p. 11).

2. Delegations were asked to submit any comments on this file by 25 August 2025. Delegations have not provided indication that there is any reason to oppose the draft measure in question on the grounds described in Council Decision 1999/468/EC, namely that it:
- exceeds the implementing powers provided for in the basic instrument;
  - is incompatible with the aim or content of the basic instrument; or
  - does not respect the principles of subsidiarity or proportionality.
3. It is therefore suggested that Coreper recommend that the Council confirms that there are no grounds for opposing the draft measure. This implies that, unless the European Parliament opposes it, the Commission may adopt the proposed measure in accordance with Article 5a(3)(d) of Council Decision 1999/468/EC.
