On 2 July 2025, the Commission submitted to the Council the recommendation for a Council Decision¹ concerning the accession of the European Atomic Energy Community (Euratom) to the new Framework Agreement for international collaboration on research and development of Generation IV Nuclear Energy Systems.
2. Following the examination of the proposal by the Research (Atomic Questions) Working Party, completed on 2 September 2025, it has been confirmed that the text for the Council Decision was supported by a qualified majority of delegations.
