DECISION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL
on providing macro-financial assistance to the Hashemite Kingdom of Jordan

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 212(2) thereof,

Having regard to the proposal from the European Commission,

Acting in accordance with the ordinary legislative procedure¹,

Whereas:

- (1) Relations between the European Union ('the Union') and the Hashemite Kingdom of Jordan ('Jordan') are developing within the framework of the European Neighbourhood Policy (ENP). The Union and Jordan signed an Association Agreement on 24 November 1997, which entered into force on 1 May 2002². Under the Association Agreement, the Union and Jordan gradually established a Free Trade Area over a transitional period of 12 years. In addition, an agreement on further liberalisation of agricultural products entered into force in 2007. In 2010, an Advanced Status partnership was agreed between the Union and Jordan that entails expanded areas of cooperation. A protocol on Dispute Settlement Mechanisms for trade between the Union and Jordan initialled in December 2009 entered into force on 1 July 2011. Bilateral political dialogue and economic cooperation have been further developed within the framework of the Association Agreement, the EU-Jordan Partnership Priorities adopted for 2022-2027 and the Strategic and Comprehensive Partnership, signed in January 2025.

¹ Position of the European Parliament of ... and Decision of the Council of ...

² OJ L 129, 15.5.2002, p. 3, ELI: [http://data.europa.eu/eli/agree_internation/2002/357\(1\)/oj](http://data.europa.eu/eli/agree_internation/2002/357(1)/oj).

- (2) Since 2011, Jordan has embarked on a number of political reforms to strengthen parliamentary democracy and the rule of law. A Constitutional Court and an Independent Electoral Commission have been set up and a number of major laws, including the Electoral Act and the Political Parties Act as well as laws on decentralisation and municipalities, have been passed by the Jordanian Parliament. Legislative improvements as regards the independence of the judiciary and women's rights have been adopted.
- (3) The Jordanian economy has been heavily affected by prolonged regional instability, notably the conflict in Syria and, the conflict in Israel-Gaza, along with security disruptions in the Red Sea. These instabilities have added further uncertainty, undermining investor confidence, disrupting trade routes, and weakening tourism. These challenges have come on top of lingering economic and social impacts from the COVID-19 pandemic global price shocks following Russia's invasion of Ukraine, and higher borrowing costs linked to tighter global financial conditions. More recently, increased uncertainty of the global environment also represents an additional challenge. While Jordan has avoided a renewed economic contraction, in part thanks to the pursuit of sound macro-economic policies and reforms, the recovery remains sluggish. Unemployment remains persistently high, particularly among youth and women, and fiscal and external financing pressures continue to weigh on the economy.
- (4) The conflict in Israel-Gaza alongside the renewed violence in the region, notably escalating tensions between Israel and Iran in mid-June 2025, led to flight suspensions in Jordan and is likely to further complicate the country's fragile economic recovery, dampen investor and tourist confidence, and contribute to an increasingly uncertain outlook. Social tensions in Jordan have remained low but could rise if the ongoing conflicts were to further escalate. Furthermore, climate-change risks exacerbating Jordan's already dire water scarcity could hurt growth and add further pressures on government finances.
- (5) In January 2024, the Jordanian authorities and the IMF agreed on a economic adjustment programme supported by a four-year Extended Fund Facility (EFF) in the amount of USD 1.2 billion, which is currently being implemented. As of July 2025, Jordan's performance under the EFF has been strong, with all quantitative performance criteria and structural benchmarks met across the first three programme reviews (July and December 2024, and April 2025), triggering disbursements totalling USD 391 million out of the approved USD 1.2 billion.
- (6) In April 2025, the Union adopted a fourth programme of macro-financial assistance (MFA-IV)³ of EUR 500 million in the form of loans, in response to a request from Jordan in October 2023. The disbursements are planned over 2025–2027, upon fulfilment of agreed policy conditions in the Memorandum of Understanding, covering measures in public finance management, governance and anti-corruption, social and labour market policies, energy and business environment. The MFA IV follows from a series of three previous MFA programmes (MFA I: EUR 180 million; MFA II: EUR 200 million; MFA III: EUR 500 million + EUR 200 million top-up in response to COVID-19) provided a total of EUR 1.08 billion in loans between 2014 and 2023.

³ Decision (EU) 2025/793 of the European Parliament and of the Council of 14 April 2025 providing further macro-financial assistance to the Hashemite Kingdom of Jordan (OJ L, 2025/793, 22.4.2025, ELI: <http://data.europa.eu/eli/dec/2025/793/oj>).

- (7) Since the beginning of the Syrian crisis in 2011, the Union has made available approximately EUR 3.5 billion to Jordan under different instruments (including EUR 1.08 million under the three MFA operations) to help the country preserve economic stability, sustain political and economic reform and address its related humanitarian, development and security needs. In addition, the European Investment Bank has allocated around EUR 2.4 billion in project loans to Jordan since 2011.
- (8) For the period 2021-2024, Union's bilateral indicative allocation (grants) under the Neighbourhood Development and International Cooperation Instrument – Global Europe (NDICI-GE) to Jordan amounts to around EUR 360 million and is complemented by Union's support to help Jordan address the impact of the Syrian crisis (EUR 214 million from 2021 to 2023) as well as other regional and thematic programmes. During the period 2014-2020, the Union provided support to Jordan mainly through the European Neighbourhood Instrument with EUR 765 million. During the same period, Jordan also benefitted from additional EUR 126 million channelled via the Neighbourhood Investment Platform (NIP), which leveraged around EUR 580 million in investments. In 2021, under the Economic and Investment Plan (EIP), the EU launched more than 20 flagship projects in Jordan, committing approximately EUR 461 million (via grants, blending and guarantees) and leveraging around EUR 4.760 billion in total investment.
- (9) In January 2025, in view of the still difficult economic situation and outlook, Jordan requested additional macro-financial assistance from the Union.
- (10) Given that Jordan is a country covered by the ENP, it should be considered to be eligible to receive macro-financial assistance from the Union.
- (11) The Union's macro-financial assistance should be an exceptional financial instrument of untied and undesignated balance-of-payments support, which aims at addressing the beneficiary's immediate external financing needs and should underpin the implementation of a policy programme containing strong immediate adjustment and structural reform measures designed to improve the balance-of-payments position in the short term.
- (12) Given that a residual external financing gap remains in Jordan's balance of payments over and above the resources provided by IMF and other multilateral institutions, the provision by the Union of additional macro-financial assistance to Jordan is, under the current exceptional circumstances, considered to be an appropriate response to Jordan's request to the Union to support its economic stabilisation, in conjunction with the IMF programme. The Union's enlarged macro-financial assistance would support the economic stabilisation and the structural reform agenda of Jordan, supplementing resources made available under the IMF's financial arrangement.
- (13) The Union's macro-financial assistance should aim to support the restoration of a sustainable external financing situation for Jordan thereby supporting its economic and social development.

- (14) The Union's macro-financial assistance is expected to go hand-in-hand with the implementation of budget support operations under NDICI-GE established by Regulation (EU) 2021/947 of the European Parliament and of the Council⁴.
- (15) The determination of the amount of the Union's macro-financial assistance is based on a complete quantitative assessment of Jordan's residual external financing needs, and takes into account its capacity to finance itself with its own resources, in particular the international reserves at its disposal. The Union's macro-financial assistance should complement the programmes and resources provided by the IMF and the World Bank. The determination of the amount of the assistance also takes into account expected financial contributions from bilateral and multilateral donors and the need to ensure fair burden sharing between the Union and other donors, as well as the pre-existing deployment of the Union's other external financing instruments in Jordan and the added value of the overall Union involvement.
- (16) The Commission should ensure that the Union's macro-financial assistance is legally and substantially in accordance with the key principles and objectives, and of the measures taken within, the different areas of external action and other relevant Union policies.
- (17) The Union's macro-financial assistance should support the Union's external policy towards Jordan. Commission services and the European External Action Service (EEAS) should work closely together throughout the macro-financial assistance operation in order to coordinate, and to ensure the consistency of, Union external policy.
- (18) The Union's macro-financial assistance should support Jordan's commitment to values shared with the Union, including democracy, the rule of law, good governance, respect for human rights, sustainable development and poverty reduction, as well as its commitment to the principles of open, rule-based and fair trade.
- (19) A pre-condition for granting the Union's macro-financial assistance should be that Jordan respects effective democratic mechanisms – including a multi-party parliamentary system – and the rule of law, and guarantees respect for human rights. In addition, the specific objectives of the Union's macro-financial assistance should strengthen the efficiency, transparency and accountability of the public finance management systems in Jordan and promote structural reforms aimed at supporting sustainable and inclusive growth, employment creation and fiscal consolidation. Both the fulfilment of the pre-conditions and the achievement of those objectives should be regularly monitored by the Commission and the EEAS.

⁴ Regulation (EU) 2021/947 of the European Parliament and of the Council of 9 June 2021 establishing the Neighbourhood, Development and International Cooperation Instrument – Global Europe, amending and repealing Decision No 466/2014/EU and repealing Regulation (EU) 2017/1601 and Council Regulation (EC, Euratom) No 480/2009 (OJ L 209, 14.6.2021, p. 1), ELI: <http://data.europa.eu/eli/reg/2021/947/o>.

- (20) In order to ensure that the Union's financial interests linked to the Union's macro-financial assistance are protected efficiently, Jordan should take appropriate measures relating to the prevention of, and fight against, fraud, corruption and any other irregularities linked to the assistance. In addition, a loan agreement to be concluded between the Commission and the Jordanian authorities should contain provisions authorising European Anti-Fraud Office (OLAF) to carry out investigations, including on-the-spot checks and inspections, in accordance with the provisions and procedures laid down in Regulation (EU, Euratom) No 883/2013 of the European Parliament and of the Council⁵ and Council Regulation (Euratom, EC) No 2185/966⁶, the Commission and the Court of Auditors to carry out audits and the European Public Prosecutor's Office to exercise its competences with regard to the provision of the Union's macro-financial assistance during and after its availability period.
- (21) Release of the Union's macro-financial assistance is without prejudice to the powers of the European Parliament and the Council (as budgetary authority).
- (22) The amounts of provisioning required for the Union's macro-financial assistance should be consistent with the budgetary appropriations provided for in the multiannual financial framework.
- (23) The Union's macro-financial assistance should be managed by the Commission. In order to ensure that the European Parliament and the Council are able to follow the implementation of this Decision, the Commission should regularly inform them of developments relating to the assistance and provide them with the relevant documents.
- (24) In order to ensure uniform conditions for the implementation of this Decision, implementing powers should be conferred on the Commission. Those powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council⁷.

⁵ Regulation (EU, Euratom) No 883/2013 of the European Parliament and of the Council of 11 September 2013 concerning investigations conducted by the European Anti-Fraud Office (OLAF) and repealing Regulation (EC) No 1073/1999 of the European Parliament and of the Council and Council Regulation (Euratom) No 1074/1999 (OJ L 248, 18.9.2013, p. 1, ELI: <http://data.europa.eu/eli/reg/2013/883/oj>).

⁶ Council Regulation (EU) 2017/1939 of 12 October 2017 implementing enhanced cooperation on the establishment of the European Public Prosecutor's Office ('the EPPO') (OJ L 283, 31.10.2017, p. 1, ELI: <http://data.europa.eu/eli/reg/2017/1939/oj>).

⁷ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13, ELI: <http://data.europa.eu/eli/reg/2011/182/oj>).

- (25) The Union's macro-financial assistance should be subject to economic policy conditions, to be laid down in a Memorandum of Understanding. In order to ensure uniform conditions of implementation and for reasons of efficiency, the Commission should be empowered to negotiate such conditions with the Jordanian authorities under the supervision of the committee of representatives of the Member States in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council. Considering the potentially significant impact of assistance, it is appropriate that the examination procedure as specified in Regulation (EU) No 182/2011 be used. Considering the amount of the Union's macro-financial assistance to Jordan, the examination procedure should apply to the adoption of the Memorandum of Understanding, and to any reduction, suspension or cancellation of the assistance.

HAVE ADOPTED THIS DECISION:

Article 1

1. The Union shall make macro-financial assistance of a maximum amount of EUR 500 million available to Jordan ('the Union's macro-financial assistance'), with a view to supporting Jordan's economic stabilisation and a substantive reform agenda. The assistance shall contribute to covering Jordan's balance of payments needs as identified in the IMF programme.
2. The full amount of the Union's macro-financial assistance shall be provided to Jordan in the form of loans.
3. The Commission shall be empowered, on behalf of the Union, to borrow the necessary funds on the capital markets or from financial institutions and to on-lend them to Jordan.
4. The release of the Union's macro-financial assistance shall be managed by the Commission in a manner consistent with the agreements or understandings reached between the International Monetary Fund (IMF) and Jordan, and with the key principles and objectives of economic reforms set out in the EU-Jordan Association Agreement.
5. The Commission shall regularly inform the European Parliament and the Council of developments regarding the Union's macro-financial assistance, including disbursements thereof, and shall provide those institutions with the relevant documents in due time.
6. The Union's macro-financial assistance shall be made available for a period of two and a half years, starting from the first day after the entry into force of the Memorandum of Understanding referred to in Article 3(1).
7. If the financing needs of Jordan decrease fundamentally during the period of the disbursement of the Union's macro-financial assistance compared to the initial projections, the Commission shall adopt implementing acts to reduce the amount of the assistance or suspend or cancel it. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 7(2).

Article 2

1. A pre-condition for granting the Union's macro-financial assistance shall be that Jordan respects effective democratic mechanisms – including a multi-party parliamentary system – and the rule of law, and guarantees respect for human rights.
2. The Commission's services and the European External Action Service shall monitor the fulfilment of this pre-condition throughout the life cycle of the Union's macro-financial assistance.

3. Paragraphs 1 and 2 of this Article shall be applied in accordance with Council Decision 2010/427/EU⁸.

Article 3

1. The Commission, in accordance with the examination procedure referred to in Article 7(2), shall agree with the Jordanian authorities on economic policy and financial conditions, focusing on structural reforms and sound public finances, to which the Union's macro-financial assistance is to be subject, to be laid down in a Memorandum of Understanding ('the Memorandum of Understanding') which shall include a timeframe for the fulfilment of those conditions. The economic policy and financial conditions set out in the Memorandum of Understanding shall be consistent with the agreements or understandings referred to in Article 1(4), including the macroeconomic adjustment and structural reform programmes implemented by Jordan with the support of the IMF.
2. The conditions referred to in paragraph 1 shall aim, in particular, at enhancing the efficiency, transparency and accountability of the public finance management systems in Jordan, including for the use of the Union's macro-financial assistance. Progress in mutual market opening, the development of rules-based and fair trade, and other priorities in the context of the Union's external policy shall also be duly taken into account when designing the policy measures. Progress in attaining those objectives shall be regularly monitored by the Commission.
3. The detailed financial terms of the Union's macro-financial assistance shall be laid down in a loan agreement in accordance with Article 223 of Regulation (EU, Euratom) 2024/2509 of the European Parliament and of the Council⁹, to be concluded between the Commission and the Jordanian authorities.
4. The Commission shall verify, at regular intervals, that the conditions referred to in Article 4(3) continue to be met, including whether the economic policies of Jordan are in accordance with the objectives of the Union's macro-financial assistance. In so doing, the Commission shall coordinate closely with the IMF and the World Bank, and, where necessary, with the European Parliament and the Council.

⁸ Council Decision 2010/427/EU of 26 July 2010 establishing the organisation and functioning of the European External Action Service (OJ L 201, 3.8.2010, p. 30, ELI: <http://data.europa.eu/eli/dec/2010/427/oj>).

2. The amounts of the Union's macro-financial assistance shall be provisioned, where required, in accordance with Regulation (EU) 2021/947.
3. The Commission shall decide on the release of the instalments subject to the fulfilment of all the following conditions:
 - (a) the pre-condition set out in Article 2(1);
 - (b) a continuous satisfactory track record of implementing a policy programme that contains strong adjustment and structural reform measures supported by a non-precautionary IMF credit arrangement;
 - (c) the satisfactory implementation of the economic policy and financial conditions agreed in the Memorandum of Understanding.

The release of the second instalment shall not, in principle, take place earlier than three months after the release of the first instalment. The release of the third instalment shall not, in principle, take place earlier than three months after the release of the second instalment.

4. Where the conditions referred to in paragraph 3 of this Article, first subparagraph, are not met, the Commission shall temporarily suspend or cancel the disbursement of the Union's macro-financial assistance. In such cases, it shall inform the European Parliament and the Council of the reasons for the suspension or cancellation.
5. The Union's macro-financial assistance shall be disbursed to the Central Bank of Jordan. Subject to the provisions to be agreed in the Memorandum of Understanding, including a confirmation of residual budgetary financing needs, the Union funds may be transferred by the Central Bank of Jordan to the Jordanian Ministry of Finance as the final beneficiary.

The loans shall be granted at terms that allow Jordan to repay the loan over a long period, including a possible grace period. The maximum duration of each disbursement of the loans shall be 35 years from the date of disbursement.
