**REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**

**amending Regulations (EU) No 1173/2011 and (EU) No 473/2013 as regards alignment with the EU economic governance framework and further simplification of that framework**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 121(6) in combination with Article 136 thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Central Bank<sup>1</sup>,

Acting in accordance with the ordinary legislative procedure,

Whereas:

- (1) The Union's economic governance framework was reformed in 2024. The reform aimed to facilitate effective economic surveillance, anchored in a common framework that ensures equal treatment and multilateral policy coordination. The objectives of the reform were to further promote sound and sustainable public finances, sound and inclusive growth and resilience through reforms and investment, prevent the occurrence of excessive deficits, and strengthen national ownership. In order to achieve those objectives, the reform introduced new concepts and made changes to the structure of the Union's economic governance framework. The reform was implemented by the adoption of Regulation (EU) 2024/1263 of the European Parliament and of the Council<sup>2</sup>, Council Regulation (EU) 2024/1264<sup>3</sup> and Council Directive (EU) 2024/1265<sup>4</sup>.
- (2) In its Communication of 11 February 2025 entitled 'A simpler and faster Europe: Communication on implementation and simplification'<sup>5</sup>, the Commission set out a vision for an implementation and simplification agenda that aims to boost competitiveness and safeguard economic, social and environmental goals by reducing regulatory burdens and simplifying Union law, thereby making its implementation easier.

---

<sup>2</sup> Regulation (EU) 2024/1263 of the European Parliament and of the Council of 29 April 2024 on the effective coordination of economic policies and on multilateral budgetary surveillance and repealing Council Regulation (EC) No 1466/97 (OJ L, 2024/1263, 30.4.2024, ELI: <http://data.europa.eu/eli/reg/2024/1263/oj>).

<sup>3</sup> Council Regulation (EU) 2024/1264 of 29 April 2024 amending Regulation (EC) No 1467/97 on speeding up and clarifying the implementation of the excessive deficit procedure (OJ L, 2024/1264, 30.4.2024, ELI: <http://data.europa.eu/eli/reg/2024/1264/oj>).

<sup>4</sup> Council Directive (EU) 2024/1265 of 29 April 2024 amending Directive 2011/85/EU on requirements for budgetary frameworks of the Member States (OJ L, 2024/1265, 30.4.2024, ELI: <http://data.europa.eu/eli/dir/2024/1265/oj>).

<sup>5</sup> Communication from the Commission to the European Parliament, the Council, the European Economic and Social Committee and the Committee of the Regions of 11 February 2025, 'A simpler and faster Europe: Communication on implementation and simplification', COM(2025) 47 final.

- (3) In the context of the 2024 reform of the Union's economic governance framework and with the view to simplifying, consolidating and codifying legislation, it is necessary to amend Regulations (EU) No 1173/2011<sup>6</sup> and (EU) No 473/2013 of the European Parliament and of the Council<sup>7</sup> in order to ensure consistency with other acts of the economic governance framework and contribute to its streamlining and simplification.
- (4) Member States whose currency is the euro have a particular interest in and a responsibility to conduct economic policies that promote the proper functioning of the economic and monetary union and to avoid policies that jeopardise that functioning. Article 136 of the TFEU allows the adoption of specific measures in the euro area which go beyond the provisions applicable to all Member States, for the purpose of ensuring the proper functioning of the economic and monetary union, including the additional sanctions introduced by Regulation (EU) No 1173/2011 to enhance the credibility of the fiscal surveillance framework of the Union and to deter from the misrepresentation, whether intentional or due to serious negligence, of government deficit and debt data that is an essential input to economic policy coordination in the Union.

---

<sup>6</sup> Regulation (EU) No 1173/2011 of the European Parliament and of the Council of 16 November 2011 on the effective enforcement of budgetary surveillance in the euro area (OJ L 306, 23.11.2011, p. 1, ELI: <http://data.europa.eu/eli/reg/2011/1173/oj>).

<sup>7</sup> Regulation (EU) No 473/2013 of the European Parliament and of the Council of 21 May 2013 on common provisions for monitoring and assessing draft budgetary plans and ensuring the correction of excessive deficit of the Member States in the euro area (OJ L 140, 27.5.2013, p. 11, ELI: <http://data.europa.eu/eli/reg/2013/473/oj>).

- (5) One of the key goals of the 2024 reform of the Union's economic governance framework was to strengthen fiscal surveillance and enforcement procedures to deliver on the commitment of promoting sound and sustainable public finances and sustainable and inclusive growth. Enforcement mechanisms were thus reinforced, including by de-constraining the effective use of financial sanctions by lowering their amounts. In line with the 2024 reform, Regulation (EU) No 1173/2011 should be amended to ensure its consistency with other elements of the framework, namely the provisions of Regulation (EU) 2024/1263 and Regulation (EC) No 1467/97<sup>8</sup>.
- (6) The 2024 reform of the Union's economic governance framework eliminated the concept of a significant deviation and the related procedure from the requirements of Regulation (EU) 2024/1263, in line with the intention of the co-legislators to simplify the fiscal framework and to apply a risk-based approach. With the removal of the significant deviation procedure, the requirement for a Member State to lodge with the Commission an interest-bearing deposit, triggered by a failure to comply with a significant deviation procedure, should be deleted from Regulation (EU) No 1173/2011. Article 1, point (10), of Regulation (EU) 2024/1264 amended Regulation (EC) No 1467/97 by reducing the amount of financial sanctions allowed under the corrective arm, while making the imposition of those sanctions more gradual. **Fines imposed under Regulation (EU) No 1173/2011 should no longer apply when the excessive deficit procedure is placed in abeyance or if the Commission proposes the imposition of fines under Article 126(11) TFEU, in accordance with Articles 11 and 12 of Regulation (EC) 1467/97.** Regulation (EU) No 1173/2011 should be amended to reflect those principles for the imposition of financial sanctions with respect to the imposition of fines. **Fines are entered in the general EU budget as revenue, in line with the principle of universality of the EU Budget, in accordance with Article 20 of Regulation (EU, Euratom) 2024/2509. Regulation (EU) No 1173/2011 should therefore be amended to remove references to the distribution of fines, which will by default follow the principle of universality.**

---

<sup>8</sup> Council Regulation (EC) No 1467/97 of 7 July 1997 on speeding up and clarifying the implementation of the excessive deficit procedure (OJ L 209, 2.8.1997, p. 6, ELI: <http://data.europa.eu/eli/reg/1997/1467/oj>).

- (7) Regulation (EU) No 1173/2011 allows for an economic dialogue between the institutions of the Union, upon the invitation of the competent committee of the European Parliament, to discuss decisions taken in relation to the imposition of financial sanctions due to non-compliance with the Union's fiscal rules. That dialogue could be part of the economic dialogue set out in Article 28 of Regulation (EU) 2024/1263.
- (8) The power to adopt delegated acts related to the imposition of sanctions concerning the manipulation of statistics, conferred on the Commission under Regulation (EU) No 1173/2011, is no longer needed and should be deleted.
- (9) Regulation (EU) No 1173/2011 should be amended to clarify the deadline and the content of the Commission's report on the application of that Regulation.
- (10) The national medium-term fiscal-structural plans, introduced by Regulation (EU) 2024/1263, are the cornerstone of the 2024 reform. They replaced the Stability and Convergence Programmes and the National Reform Programmes, thereby bringing together the fiscal, reform and investment commitments of each Member State within a common framework. Regulation (EU) No 473/2013 should be amended to take into account the introduction of the national medium-term fiscal-structural plans in the common framework.

- (11) Regulation (EU) 2024/1263 established provisions to ensure consistency with Regulation (EU) No 1176/2011 of the European Parliament and of the Council<sup>9</sup>, in particular by integrating in the procedure set out by Regulation (EU) 2024/1263 measures and reforms to be taken in the context of the procedure for prevention and correction of excessive macroeconomic imbalances. Specifically, in accordance with Article 31(1), point (a), of Regulation (EU) 2024/1263, an unsatisfactory implementation of reforms and investments included in a Member State's national medium-term fiscal-structural plan that are relevant for macroeconomic imbalances is to be taken into account by the Commission when undertaking in-depth reviews and when considering whether to establish the existence of an excessive imbalance under Regulation (EU) No 1176/2011. Moreover, in accordance with Article 17(2) of Regulation (EU) 2024/1263, when an excessive imbalance procedure is launched, the Member State is to submit a revised medium-term fiscal-structural plan, which is also to serve as its corrective action plan under Regulation (EU) No 1176/2011.
- (12) In order to simplify the Union's fiscal framework and increase transparency, the 2024 reform introduced a single operational indicator anchored in debt sustainability which serves as a basis for setting the fiscal path and for carrying out annual fiscal surveillance for each Member State. That single operational indicator, based on the net expenditure path, replaces the medium-term objective, the structural balance, the net expenditure benchmark and the debt reduction benchmark of the previous fiscal framework. Member States under an excessive deficit procedure (EDP) receive a corrective net expenditure path based on Council Regulation (EC) No 1467/97.

<sup>9</sup> Regulation (EU) No 1176/2011 of the European Parliament and of the Council of 16 November 2011 on the prevention and correction of macroeconomic imbalances (OJ L 306, 23.11.2011, p. 25, ELI: <http://data.europa.eu/eli/reg/2011/1176/oj>).

- (13) In order to simplify the legal framework, the definition of an independent body in Regulation (EU) No 473/2013 should be amended to refer to Article 8a of Council Directive 2011/85/EU<sup>10</sup> which established provisions to ensure that the requirements for independence safeguards, resources and tasks apply to those independent bodies in all Member States. Moreover, Article 4(5) of Directive 2011/85/EU already provides for a technical dialogue between Member States and the Commission on the assumptions underpinning the macroeconomic and budgetary forecasts. It is therefore not necessary to include that provision in Regulation (EU) No 473/2013.
- (14) Directive 2011/85/EU establishes the procedures for national medium-term budgetary frameworks providing for the adoption of multiannual fiscal planning. Moreover, Article 9(2), point (c), of that Directive sets the parameters for the national medium-term budgetary frameworks encompassing a description of envisaged medium-term policies, including reforms and investments, with an impact on general government finances and sustainable and inclusive growth. In order to simplify the legal framework, Regulation (EU) No 473/2013 should be amended to avoid a repetition of the provisions set out in Directive 2011/85/EU.

---

<sup>10</sup> Council Directive 2011/85/EU of 8 November 2011 on requirements for budgetary frameworks of the Member States (OJ L 306 23.11.2011, p. 41, ELI: <http://data.europa.eu/eli/dir/2011/85/oj>).

- (15) Regulation (EU) 2024/1263 provides that independent fiscal institutions may be asked to issue opinions on the macroeconomic forecast and on the macroeconomic assumptions underpinning the net expenditure path of the national medium-term fiscal-structural plan or of the revised national medium-term fiscal-structural plan. From 2032 onwards, the opinion of those institutions becomes mandatory, provided that they have built sufficient capacity. Moreover, independent fiscal institutions may be asked to provide an assessment of the budgetary outturns reported in the annual progress report with the net expenditure path as set by the Council. The relevant independent fiscal institutions may also be requested to analyse the factors behind a deviation from the set net expenditure path. ~~In order to ensure consistency with the 2024 reform of the Union's economic governance framework, Regulation (EU) No 473/2013 should be amended to reflect the changes to the role of independent fiscal institutions introduced by Regulation (EU) 2024/1263.~~
- (16) Regulation (EU) No 473/2013 should be amended to ensure that national budgetary procedures are consistent with the recommendations issued in the context of Regulation (EU) 2024/1263, with recommendations and decisions issued in the context of Regulation (EC) No 1467/1997, with decisions under Regulation (EU) No 1173/2011 where appropriate and with the rules and procedures laid down in Directive 2011/85/EU.
- (17) Regulation (EU) No 473/2013 should be amended to prescribe that the draft budgetary plans ('DBPs') should be consistent and comply with the requirements resulting from the 2024 reform of the Union's governance framework. The DBPs should reflect the implementation of the Council Recommendations regarding the medium-term fiscal-structural plans. In that respect, they should set out how the fiscal policy strategy will be delivered in the next year, and present the ~~concrete~~ expenditure and revenue measures that ensure compliance with the net expenditure path set by the Council under Regulation (EU) 2024/1263 or explain any deviations from that net expenditure path. If the Member State is under an EDP, the DBPs should present ~~concrete~~ the expenditure and revenue measures that ensure compliance with the corrective path set under Regulation (EC) No 1467/97.

- (18) At the same time, for simplification purposes and to reduce administrative burden, Regulation (EU) No 473/2013 should be amended to reduce the reporting obligation of Member States regarding data that in the past proved not to provide a clear value added. In addition, to reduce the reporting burden and considering that reporting to the Commission is sufficient to allow for the coordination of the national debt issuance of Member States on the Union's Sovereign Debt Markets, Regulation (EU) No 473/2013 should be amended to eliminate ex ante reporting by Member States on their public debt issuance plans to the Eurogroup.
- (19) In order to simplify EU fiscal surveillance and to reduce administrative burden, the Commission should no longer report in its overall assessment of the budgetary situation and prospects in the euro area as a whole on elements that have not proven to provide added value in the surveillance process (such as a sensitivity analyses of the risks to public finance sustainability in the event of adverse economic, financial or budgetary developments or the methodology, models and assumptions of the most recent economic forecasts of the Commission services for each Member State.)
- (20) In case a government is not in a position to prepare a draft budget law for adoption by the national parliament, the submission of a DBP at unchanged policies is also not needed and should be replaced by a technical exchange whereby Member States provide the Commission with information regarding the macroeconomic and budgetary positions which the Commission will include in its forecasts.

- (21) The 2012 Treaty on Stability, Coordination and Governance in the Economic and Monetary Union<sup>11</sup> has established the economic partnership programmes, which became part of the Union's economic governance framework in 2013 by virtue of Regulation (EU) No 473/2013. Their aim was to ensure a sustainable and lasting correction of the excessive deficits of Member States by requiring that Member States under EDP detail specific structural reforms designed to reduce their deficit and debt. The function of economic partnership programmes is ensured in the 2024 reform of the Union's governance framework through two main channels. The first is through the adoption of a medium-term and risk-based approach in the medium-term fiscal-structural plans, which include the impact of reforms and investments on fiscal sustainability. The second is through the reinforcement of the EDP through the introduction of clear activation and abrogation criteria for debt-based EDPs. Therefore, Regulation (EU) No 473/2013 should be amended to take into account that economic partnership programmes have become obsolete.

<sup>11</sup> ELI: [http://data.europa.eu/eli/agree\\_eums/2012/302](http://data.europa.eu/eli/agree_eums/2012/302)

- (22) Regulation (EU) No 473/2013 introduced additional reporting requirements for Member States whose currency is the euro and which were subject to an EDP under Regulation (EC) No 1467/97. The objective of those additional requirements was to allow for a better exchange of information between the Member States concerned and the Commission and to identify risks in the compliance with the deadline for the correction of the excessive deficit early on. The 2024 reform of the Union's economic governance framework introduced a single indicator for the assessment of compliance with the corrective net expenditure path under the EDP. Member States are to regularly report on it in their annual progress reports submitted under Regulation (EU) 2024/1263. Therefore, Regulation (EU) No 473/2013 should be amended to reduce the reporting burden and focus on implementing the 2024 reform. Member States subject to an EDP should only provide the information requested under Regulation (EU) 2024/1263, Regulation (EC) No 1467/97 and the subsequent effective action reports pertaining to Council recommendations under Article 126(7) TFEU or Council notices under Article 126(9) TFEU as foreseen in Regulation (EU) 473/2013, given that that information is sufficient to assess compliance with the corrective net expenditure path. The Commission should retain the right to request any additional information it deems necessary for budgetary surveillance purposes.
- (23) As this additional reporting is no longer required, Regulation (EU) 473/2013 should be amended to remove the empowerment to adopt delegated acts to specify the content of the additional reporting.

- (24) In accordance with Council recommendations under Article 126(7) TFEU or notices under Article 126(9) TFEU, Member States are to report on action taken. In order to ensure an effective monitoring of action taken to correct the excessive deficit, Regulation (EU) 473/2013 should be amended to clarify the reporting obligations stemming from those Council recommendations and to oblige Member States to submit follow-up reports to the Commission and the Council on effective action every six months when they are subject to a Council Recommendation under Article 126(7) TFEU until the Council abrogates the decision on the existence of an excessive deficit. Moreover, the Member State should submit follow-up reports on effective action to the Council and the Commission on a quarterly basis when it is the subject of a Council notice under Article 126(9) TFEU until the Council abrogates the decision on the existence of an excessive deficit. In order to reduce the reporting burden on Member States, it should be possible to include such effective action reports in the annual progress reports as defined under Regulation (EU) 2024/1263 and in the DBP, where possible. Since the EDP monitoring is to be replaced by the reporting specified under Regulation (EC) No 1467/97, the Commission should take into account all effective action reports transmitted by the Member State when making its assessment of effective action.
- (25) Regulation (EU) No 473/2013 should be amended to simplify existing procedures and eliminate those that have not proven useful and are not in line with the overall approach of the revised framework. ~~In particular, the provisions requiring the Commission to address to the Member State a recommendation in case of a risk of non-compliance with the deadline to correct the excessive deficit should be deleted, as the 2024 reform of the economic governance framework introduced a medium-term approach that is no longer focused on a specific year for the correction of the excessive deficit, but rather aims to ensure that the government deficit is brought and maintained below 3% of GDP over the medium term.~~ **In particular, the provisions requiring the Commission to address to the Member State a recommendation in case of a risk of non-compliance with the deadline to correct the excessive deficit should be deleted, reflecting the more medium-term focus of the new framework.**

- (26) Article 2(3) of Regulation (EC) No 1467/97 requires that all relevant factors as indicated in Article 126(3) TFEU be taken into account when preparing a report under Article 126(3) TFEU on the existence of an excessive deficit. An explicit requirement for the Commission opinion under Article 7(1) of Regulation (EU) No 473/2013 to be taken into account when drafting a report under Article 126(3) TFEU or when taking a decision on the existence of an excessive deficit under Article 126(6) TFEU is therefore not necessary. Moreover, taking into account the Commission opinion under Article 7(1) of Regulation (EU) No 473/2013 when recommending the imposition of a non-interest bearing deposit under Article 5 of Regulation (EU) No 1173/2011 is outdated given the deletion of that Article.
- (27) In order to increase transparency, accountability and ownership for the decisions taken in the context of Regulation (EU) No 473/2013, an economic dialogue may take place between the European Parliament, the Council and the Commission on the specification of the content of the DBPs, the results of the discussion of the Eurogroup on the Commission DBP opinions to the extent that they have been made public, and the overall assessment of the budgetary situation and prospects in the euro area as a whole. In order to simplify dialogue between the institutions of the Union and to allow a more integrated fiscal surveillance, this economic dialogue could be integrated with the economic dialogue established under Regulation (EU) 2024/1263.
- ~~(28) The Union's strategy for growth and jobs is implemented through the Commission priorities for 2024-2029 which focus on the improvement of social and economic resilience and sustainable and inclusive growth by boosting competitiveness, productivity, growth potential, social cohesion and economic convergence, thereby helping to address the medium and long term challenges facing the Union.~~
- (29) Regulation (EU) No 473/2013 should be amended to clarify the deadline and the content of the Commission reports on the application of that Regulation.
- (30) Regulations (EU) 473/2013 and (EU) No 1173/2011 should therefore be amended accordingly,

HAVE ADOPTED THIS REGULATION:

*Article 1*

**Amendments to Regulation (EU) No 1173/2011**

Regulation (EU) No 1173/2011 is amended as follows:

- (1) in Article 1, paragraph 1 is replaced by the following:

'1. This Regulation sets out a system of sanctions for enhancing the enforcement of the **corrective arm of the** Stability and Growth Pact in the euro area.';

- (2) Article 2 is amended as follows:

(a) point 1 is deleted;

(b) point 2 is replaced by the following:

'(2) 'corrective part of the Stability and Growth Pact' means the procedure for the avoidance and correction of Member States' excessive deficit as regulated by Article 126 TFEU and Regulation (EC) No 1467/97.';

(c) point 3 is deleted;

- (3) in Article 3, the first paragraph is replaced by the following:

'In order to enhance the dialogue between the institutions of the Union, in particular the European Parliament, the Council and the Commission, and to ensure greater transparency and accountability, the competent committee of the European Parliament may invite the President of the Council, the Commission and, where appropriate, the President of the European Council or the President of the Eurogroup to appear before the committee to discuss decisions taken pursuant to Article 6 of this Regulation.';

- (4) Articles 4 and 5 are deleted;

- (5) Article 6 is replaced by the following:

*'Article 6*

**Fines**

1. If the Council, acting under Article 126(8) TFEU, decides that a Member State has not taken effective action to correct its excessive deficit, the Commission shall, within 20 days of that decision, recommend that the Council, by a further decision, impose a fine, amounting to up to 0,02 % of the latest estimate of the previous year's GDP of that Member State. The fine shall be paid every six months until the Council assesses that the Member State concerned has taken effective action in response to the decision issued under Article 126(~~7~~**9**) TFEU.

2. The decision imposing a fine shall be deemed to be adopted by the Council unless it decides by a qualified majority to reject the Commission's recommendation within 10 days of the Commission's adoption thereof.

3. The Council, acting by a qualified majority, may amend the Commission's recommendation and adopt the text so amended as a Council decision.';

- (6) Article 7 is deleted;
- (7) in Article 8, paragraph 4 is deleted;
- (8) Articles 9 is replaced by the following:

*'Article 9*

**Administrative nature of the sanctions**

The sanctions imposed pursuant to Articles 6 and 8 shall be of an administrative nature.';

- (9) Articles 10 and 11 are deleted;

(10) in Article 12, paragraph 1 is replaced by the following:

'1. For the measures referred to in Articles 6 and 8, only members of the Council representing Member States whose currency is the euro shall vote, and the Council shall act without taking into account the vote of the member of the Council representing the Member State concerned.';

(11) Article 13 is replaced by the following:

*'Article 13*

### **Review**

1. By ~~XXX~~**31 December 2030**, and every 5 years thereafter, the Commission shall ~~submit to the European Parliament and to the Council~~ **publish** a report on the application of this Regulation accompanied, where appropriate, by a proposal to amend this Regulation. ~~The Commission shall make that report public.~~

The report referred to in the first subparagraph shall review:

- (a) the effectiveness of this Regulation in achieving its objectives as set out in Article 1;
- (b) the progress in ensuring closer coordination of economic policies and sustained convergence of economic performances of the Member States in accordance with the TFEU<sup>5</sup>;
- ~~(c) the contribution of this Regulation to achieving sustainable and inclusive growth and social and economic resilience.~~

2. The report shall be transmitted to the European Parliament and the Council.'.

## Article 2

### Amendments to Regulation (EU) No 473/2013

Regulation (EU) No 473/2013 is amended as follows:

(12) Article 1(1) is amended as follows:

(a) points (a), (b) and (c) are replaced by the following:

'(a) complementing the European Semester, as established in Regulation (EU) 2024/1263 of the European Parliament and of the Council\*, with a common budgetary timeline;
