#### **amending Protocol 31 to the EEA Agreement, on cooperation in specific fields outside the four freedoms**

THE EEA JOINT COMMITTEE,

Having regard to the Agreement on the European Economic Area (“the EEA Agreement”), and in particular Articles 86 and 98 thereof,

Whereas:

- (1) It is appropriate to extend the cooperation of the Contracting Parties to the EEA Agreement to include Regulation (EU) 2025/2643 of the European Parliament and of the Council of 16 December 2025 establishing the European Defence Industry Programme and a framework of measures to ensure the timely availability and supply of defence products (‘EDIP Regulation’).
- (2) It is appropriate that the participation of EFTA States in the activities resulting from Regulation (EU) 2025/2643 commence from 1 January 2026, irrespective of when this Decision is adopted, or whether the fulfilment of constitutional requirements for this Decision, if any, is notified after 10 July 2026.
- (3) Entities established in the EFTA States should be entitled to participate in activities which start before the entry into force of this Decision. The costs incurred for such activities, the implementation of which starts after 1 January 2026, may be considered eligible under the same conditions as those applicable to costs incurred by entities established in the EU Member States, provided that this Decision enters into force before the end of the action concerned.
- (4) The conditions for participation of EFTA States and their institutions, undertakings, organizations and nationals in programmes of the European Union are set out in the EEA Agreement and in particular in Article 81 thereof.
- (5) Protocol 31 to the EEA Agreement should therefore be amended in order to allow for this extended cooperation to take place from 1 January 2026,

## **Declaration by the EFTA States**

**to Decision No [...] of xx 2026 amending Protocol 31 to the EEA Agreement to extend the cooperation of the Contracting Parties to include the participation of the EFTA States in the the European Defence Industry Programme and a framework of measures to ensure the timely availability and supply of defence products established by Regulation (EU) 2025/2643**

**[for adoption with the Decision and for publication in the OJ]**

This Decision extends the cooperation of the Contracting Parties to include the participation of the EFTA States in the European Defence Industry Programme and a framework of measures to ensure the timely availability and supply of defence products ('EDIP'). The EFTA States consider that defence matters fall outside the scope of the EEA Agreement, and therefore that the adoption of this Decision does not extend the scope of the EEA Agreement to include defence matters beyond the participation in EDIP. The EFTA States also stress that Iceland and Liechtenstein are not participating in, and shall therefore not be required to financially contribute to, EDIP.
